A Message from the Chief of Police

The University of West Georgia Police Department (UWGPD) is committed to providing the University of West Georgia with a safe environment conducive to the goals of education and research. Although reported crime at West Georgia is relatively low, it is important for students to remember that we are not immune from criminal activity. Therefore, we share many of the crime and safety issues that exist in any city. In partnership with the community, we work to prevent crime and solve problems that affect students, faculty, and staff. The safety and security of the University of West Georgia is the combined responsibility of the entire University community.

To maintain an effective working relationship with the community and to respond to its needs, the University Police Department is organized into four twelve hour shifts that work 24 hours a day, seven days a week, 365 day a year. Officers conduct visible patrols, respond to reports of crimes, address problems, and provide information and resources to the community as prescribed by state & federal laws. This information - which includes many practices, procedures, and safety tips for keeping safe at West Georgia, are delivered in several ways. It is published in our Crime Statistics and Crime Logs, which appears on our website. This information is also discussed in safety talks that are conducted by police officers at student orientations, new employee orientations, and other gatherings of faculty, staff, students, and community members.

I encourage all students, faculty, staff and visitors to be aware of the resources offered by the department and innovative equipment being utilized daily. Our officers are committed to initiating and maintaining close ties with the community. Feel free to stop by our office at Row Hall to ask any questions about security issues that are important to you. Also, by taking the time to familiarize yourself with our resources and by using the information provided on this website, you will be helping us to help you in the pursuit of a safe campus. Feel free to contact me with questions or suggestions at (678) 839-6000 or nwatson@westga.edu

Dr. George "Ned" Watson
Interim Chief of Police
University of West Georgia

Introduction: An Overview of Campus Safety and Security Reporting

What is the Jeanne Clery Act?

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, codified at 20 USC 1092 (f) as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. The Clery Act was originally enacted by the US Congress and signed into law by President George Bush in 1990 as the Crime Awareness and Campus Security Act of 1990. The Clery Act was named for Jeanne Clery, a Lehigh University student that was murdered in 1987. Clery's parents, Howard and Connie also started a non-profit group called Security on Campus in 1987. Amendments to the Act in 1998 renamed it in memory of Jeanne Clery. All public and private institutions of post-secondary education participating in federal student aid programs are subject to the Clery Act. Non-compliant institutions may be fined by the U.S. Department of Education. Non-compliant institutions may face other sanctions and individuals could be held criminally accountable as well. In maintaining compliance with the Act, the University of West Georgia Police Department provides an annual campus security report to the public. The report is presented as one cohesive document as required by federal law 20 USC 1092 (f).

How to Report a Crime – Carrollton and Newnan

Overview

One of the most important actions a person can take to prevent future crime is to report crimes when they occur. When a person commits a criminal act and is not caught, they will likely attempt to commit future crimes. **Even if you do not wish to pursue the case, the University Police Department needs to know about the incident so that corrective action can be taken if possible and the crime counted for statistical purposes.** The University encourages all faculty, staff, and students to report to the University Police Department anytime they are a victim of a crime or see a crime being committed.

The Report Process

Carrollton Campus-

When you are a victim or witness to a crime, call the University Police Department at **678-839-6000** or call the appropriate local law enforcement agency by dialing **911**. The UPD is an accredited police department that operates 24 hours a day, 7 days a week, and 365 days a year. The UPD communications center will dispatch an officer to your location or give you instructions on how to

proceed. Once the report is completed, the incident may be assigned to an investigator, depending on the nature of the crime and the wishes of the victim. Investigators work closely with victims in an attempt to solve the case and locate the responsible suspect(s). If successful, the investigator will forward the case file to either state court (misdemeanor) or superior court (felony) for prosecution. In addition to prosecuting the case in the courts, the victim has the right to have the case referred to the University discipline system or the Title IX department if applicable. This may be concurrently with the criminal prosecution or instead of or in lieu of criminal prosecution. An investigator or officer with UPD will assist the victim of any crime by answering questions they may have about the process.

Newnan Campus- The Newnan Campus hours of operation vary with the schedule of classes that are held there each semester. Generally, the Newnan campus opens at 8am and closes after the last class of the evening. This can sometimes be as late as 11pm. The University Police Department has a sworn officer present at the Newnan campus on most days classes are held, during the peak hours of occupancy. To report a crime occurring on the Newnan campus you may follow the same process as outlined above by calling **678-839-6000** or the City of Newnan Police Department by dialing **911**. The University Police communications center has radio contact with UPD officers while they are present at the Newnan campus. In the event the crime being reported occurs at a time when UPD officers are not present, the communications center may give the victim further instructions and/or put them in contact with the Newnan Police Department. UPD and the Newnan Police have a memorandum of understanding as it pertains to law enforcement presence at the Newnan campus. Students may also report crimes to the Newnan campus Senior Director, Associate Director, Director of Engagement, or Coordinator of Student Services staff members. Their information is listed below in the Preferred Campus Security Authority section.

Emergency Notifications and Timely Warnings – Carrollton and Newnan

If a threat has the possibility to impact the safety of the campus community, either on or off campus, that the judgment of the Chief of the University Police Department or designee constitutes an imminent, ongoing or continuing threat, a campus-wide “timely warning” will be issued using all available means (listed below). The warning will include information on the type of threat, location of threat, and important instructions.

If a criminal incident occurs that threatens the safety of the campus community, a timely warning will be issued. The incident could be an immediate threat such as an armed robbery that has just occurred and the perpetrator is still on campus. However, a timely warning could also be issued if information is received that could prevent someone from becoming a victim. For example, if there have been several rapes in a specific section of the city, a warning may be issued so students, staff, and faculty may make an informed decision about entering that area. All warnings are sent to the Student Government Association, The West Georgian (campus newspaper), University Television and Wolf Radio – the University’s internet radio. Warnings will also be distributed through our LiveSafe App, email, and text message. Timely warnings will be issued for Clery Act crimes that occur within the University of West Georgia Carrollton and Newnan locations Clery geography and pose a serious or ongoing threat to the campus community.

The University Police and Emergency Management are responsible for initiating emergency notifications. For events that may affect the campus, University Police Department dispatch will serve as the primary warning point for security and law enforcement emergencies with Emergency Management as backup, and Emergency Management serves as the primary for weather related emergencies with dispatch as backup. The university will use all available pathways to ensure reaching all aspects of the campus community; to include a network of technologies consisting of outdoor public address systems and internet-based broadcast messaging services (Phone, Text, Email, and Cell Phone).

The University of West Georgia employs multiple methods to notify the staff, faculty, and students of emergency notifications and timely warnings. These include:

Mobile Emergency Notifications: The University uses LiveSafe to provide emergency notifications and information to faculty, staff and students by phone via email, text or push notification. Student, faculty and staff UWG emails are automatically entered into the system. To receive text or push messages the application must be downloaded and the phone registered. All members of the campus community are encouraged to register for this free service. To register for UWG LiveSafe, go to <https://www.westga.edu/livesafe/>. Follow the instructions to download the application.

Email, Website and Social Media: The University Email System, University Website (westga.edu) and official university social media accounts (twitter, @UnivWestGa; Instagram, uwestga; and Facebook, UniversityOfWestGa) will be used to disseminate initial warnings and provide additional information throughout the event.

Outdoor Warning Sirens: Two warning sirens located on campus, one on the east side of campus and another on the west, are connected to the county's tornado siren warning system. In addition to the siren, a message may be broadcast.

Other Means of Communication: The University may utilize other means of communication to provide the community with information necessary to keep the campus safe. These methods may include university call center, University Television, Wolf Internet Radio, The West Georgian (student newspaper) and handbills.

In the event of an incident or emergency on campus that requires an evacuation or closure of campus, the UWG Emergency Manager and Chief of Police will coordinate response activities and ensure timely information is provided to the UWG community. The Comprehensive Emergency Management Plan will be implemented along with departmental emergency plans and procedures. Outside assistance may be requested to facilitate an evacuation. If so, UWG will coordinate with the City and County emergency responders.

The University of West Georgia will, without delay and while taking into account the safety of the community, determine the content of the notification and initiate the notification process. The content of the message will be determined by the Police Chief and Emergency Management Director.

How is the Annual Security Report Prepared?

The Annual Security report is prepared by the UWG Police Administrative Division with assistance from members of the University Clery Committee. The Clery Committee consists of individuals from multiple departments across campus who work collaboratively to ensure campus compliance with the Clery Act. These departments include but are not limited to University Police, Office of General Counsel, Health Services, Counseling Services, the Dean of Students, Facilities, Housing and Residence Life, Title IX, Human Resources, and Emergency Management. Each year the university Clery Coordinator works with these individuals to gather updated information on policies, crime statistics, and disciplinary referrals to include in the Annual Security Report. Using the guidelines of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, these policies and statistics are compiled and submitted to the Department of Education and the Board of Regents of the University System of Georgia. The Annual Security Report is due to the Department of Education by October 1st and must be shared with the campus community.

How We Collect and Publish Our Crime Statistics

The full text of this report can be located on our web site at <https://www.westga.edu/police/what-is-the-clery-act.php>. The purpose of the ASR is to share information about Clery Act mandated crime occurrence on the campus of UWG. Clery Act geography requirements are adhered to in preparation of the report. The sources used for the preparation of the report include UWG Police reports, local law enforcement reports, anonymous reporting forms, and other reports compiled from various Campus Security Authorities. The records management system used by student affairs for disciplinary issues, Maxient, is also used to gather data.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provides the web site link to access this report. All prospective employees may obtain a pamphlet outlining where to access Clery information from Human Resources in Aycock Hall / Ground Floor. Prospective students may obtain a pamphlet outlining where to access Clery information at the Admissions Office located in the Murphy Building or the Visitors' Center located in Bonner House. A copy of the report is also available by calling 678-839-4978 during business hours.

Campus Security Authorities

Campus Security Authorities are individuals on campus that have been identified as meeting the requirements listed below and to whom crimes may be reported. They are required to report that information to the Clery Coordinator for statistical analysis and inclusion in the Annual Security Report. While Campus Security Authorities are required by law to report any applicable crime for Clery purposes they may withhold identifying personal information if requested. Students, Staff, and Faculty may report crimes to a Campus Security Authority if they do not wish to contact the University Police.

“Campus Security Authority” is a Clery Act-specific term that encompasses four groups of individuals and organizations associated with an institution.

- A campus police department of an institution. If your institution has a campus police or security department, all individuals who work for that department are campus security authorities.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property).
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

All CSAs are not specifically named below, but the following is a list of preferred CSAs at UWG Carrollton and Newnan Campus.

Anonymous Reporting of Crime – Carrollton and Newnan

Crimes may be reported anonymously to the University Police if a victim so chooses. Without a victim, successful prosecution is usually not possible. However, the information is still valuable to the police and the community. The information will be included in the Annual Security Report, utilized by crime prevention personnel to see if changes to the campus would prevent similar crimes in the future, and investigators working on other criminal cases may be able to use the additional information to solve a case. Pastoral or Professional Counselors that are bound by privilege are encouraged to speak with victims or other concerned parties to inform them of the benefits to reporting, even if anonymously, and will encourage their clients to use the following voluntary methods to report crimes.

Anonymous reports can be filed in several ways.

- Come to the University Police and report the crime to an officer. Ask the officer to file the report as being reported anonymously.
- If you are a Staff/Faculty member considered as a “Campus Security Authority,” you can log on to the Work West UWG Police webpage (<https://workwest.westga.edu/police/>) and submit the report via the [Campus Security Authority Disclosure Form](#). This is the preferred method for CSA disclosures.
- Report the information via the [Live Safe App](#).
- Contact a University official who is a Campus Security Authority (see the list above) and ask that they report the crime for you. The Campus Security Authority can utilize the Campus Security Authority Disclosure Form listed above and submit it to the Clery Coordinator. In the event that an officer is not present at the Newnan Center, a crime may be reported the Newnan campus Senior Director, Associate Director, Director of Engagement, or Coordinator of Student Services staff members. See above for their information.
- Contact the [Victim Services Crisis Hotline](#) at 470-215-9946.
- Report the incident at The UWG Cares webpage located at <https://www.westga.edu/campus-life/uwg-cares/index.php> using the “Report An Incident Or Concern” link. In addition, safety, medical, diversity, psychological and personal issues may be submitted here for assistance.

Security of and Access to University Facilities

While classes are in session, the University of West Georgia, with the exception of the residence halls, is open to students, parents, faculty, staff, contractors, invited guests and the general public. During normal business hours and into the evening hours for night classes and activities, access to UWG facilities is through unlocked doors or key locks, along with card access control systems deployed at UWG, where applicable. After regular hours, which includes when classes and events are completed, UWG police officers make rounds and secure doors by locking them. Persons wanting to enter a building after-hours must have approved card access and use a University-issued ID card or contact UWG Police to gain entry. All card and key access is processed through the Department of Access Control Services under the management of Campus Planning and Facilities.

In the case of periods involving extended closing times, the University will admit only those with prior written approval or approval from UPD to enter the facilities. Security cameras are placed at strategic locations around the campus and in some of the facilities for safety reasons. Some specific building interior corridor facilities have interior cameras focused on areas of higher risk, such as facility entrances. These cameras are not actively monitored, but all footage is saved on a digital feed. Cameras are checked routinely through visual confirmation to ensure the component is working via the UWG Police Communications Center. Employees of the University (faculty and staff) may be present in buildings after-hours. Police officers regularly patrol all campus facilities to maintain security and inspect doors and locks to ensure they are properly maintained. Upon University closure due to inclement weather (e.g., snow or icy conditions) or other instances when "sheltering-in" is required, UWG employees may stay in a building after it has been locked. In certain instances of severe weather that do not require a campus closure (e.g., tornado watch or warning), egress from campus buildings will be discouraged, and all employees will be asked to gather in their designated storm-shelter areas.

Special Considerations for Residence Hall Access

Residence halls are managed by the Department of Housing and Residence Life (HRL). HRL provides operational oversight for key distribution and management while the housekeeping and facility maintenance is the responsibility of the UWG Department of Campus Planning and Facilities. UWG Police in conjunction with HRL provides oversight for emergency and crisis response, as well as safety and security programming. The locking mechanisms in the residential communities vary based on the design of the facility.

Other community areas are staffed by ResStar in evening hours. ResStar is a 24-hour service desk for residential students. Whenever residential students need to contact hall duty staff for assistance, the ResStar desk can connect them with the right resource. ResStar can be contacted by calling (678) 839-4718. Residence Life staff members are on duty 24 hours a day, seven days a week to respond to student needs. The UWG Police Department is on-call 24hrs a day for emergency lock problems that may arise. Door-to-door solicitation and distribution of leaflets by individuals or organizations other than UWG Residence Life is prohibited. Delivery vendors are not granted facility access, and students are expected to meet those vendors at the exterior entrances to receive order items. Access to residence halls is monitored by Housing and Residence Life employees located at front desk location in each residence hall.

Special Considerations for Maintenance of Campus Facilities

Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. UWG Police regularly patrol the campus and report malfunctioning lights and other unsafe physical conditions to Facilities Management for correction. Other members of the University community are helpful when they report equipment problems to University Police or to Facilities Management. HRL closely monitors residential buildings to ensure that exterior doors are secure and that any maintenance issues are responded to promptly. University Police, when in residential spaces, respond to security issues by unpropping doors and responding to security-related calls. Access Control Services oversees the administration and management of the access control systems, performs maintenance on electrified and non-electrified doors, and processes requests for access to University Facilities at Carrollton and Newnan campuses.

About the University of West Georgia Police

The University of West Georgia Police Department is part of the Division of Business and Finance and reports to the Senior Vice President for Business and Finance. The department was organized for the purpose of providing law enforcement, security, parking control, and transportation services for members of the University Community. On January 1, 2008 the department known as Public Safety was officially renamed the University of West Georgia Police Department when the parking and transportation services were transferred to another department.

The University Police Department provides traditional law enforcement services, security, and emergency response to the University Community 24 hours a day, 7 days a week, 365 days a year. Each officer and employee is responsible for accomplishing the department's mission through performance demonstrating excellence in professional law enforcement and safety services. University Police Officers are authorized under Georgia O.C.G.A. § 20-3-72 to make arrests on, and within 500 yards of any property owned, or controlled by the Board of Regents of the University System of Georgia within the State of Georgia. While University Police officers do patrol areas adjacent to the state-owned property of the University of West Georgia at both the Newnan and Carrollton locations, **the primary jurisdiction of the University Police is limited to that property controlled by the University of West Georgia**. Each police officer, prior to exercising the powers of a University Police Officer, will fulfill the training requirements of a sworn/certified officer as defined in O.C.G.A. § 35-8-8 et. seq. All officers are required to successfully complete a Peace Officer Standards and Training (POST) certified academy prior to performing duties in a law enforcement capacity. On March 20, 2014 the University of West Georgia Police Department was awarded certification by the Georgia Association Chiefs of Police (GACP) State Certification Program.

Since the University falls under the authority of the University System of Georgia, University Police officers have arrest authority on the campuses of the other institutions within the system. Certified officers from those institutions may exercise their arrest powers on the UWG campus as well. The University Police Department has a Memorandum of Understanding with the City of Carrollton Police Department, the Carroll County Sheriff's office, the City of Newnan Police Department, and the Coweta County Sheriff's office. This mutually beneficial relationship between departments allows officers to work cross-jurisdictionally in the event of an emergency. It also promotes a good working relationship

between UPD investigators and the investigative units of the respective departments. The University of West Georgia maintains a working relationship with state law enforcement agencies such as the Georgia State Patrol and Georgia Bureau of Investigations and may request their assistance in the investigation of serious incidents. In addition, UWG Police may request officers from other University System of Georgia police agencies to assist with large scale events, emergencies, or supplemental patrol. Crimes involving student organizations at off-campus locations are handled by the appropriate law enforcement agency as determined by jurisdiction, and **may** be brought to the attention of UWG via channels within our police department. **Members of our community are encouraged to report crimes promptly to our department or the appropriate law enforcement agency so that appropriate action can be taken in a timely manner when the victim of the crime elects to report it.** This includes the reporting of crime by others when the victim is unable or unwilling to report for any reason.

The University of West Georgia Police Department is organized into two divisions; the Uniform Patrol Division and the Administrative Division. Each division performs separate and distinct activities which are interrelated.

The Patrol Division is commanded by two lieutenants who each oversee one day shift and one night shift. Each shift is 12 hours and is supervised by a Patrol Sergeant who oversees two to three patrol officers and two dispatchers. The patrol division is responsible for proactive patrol, responding to various calls for service, community outreach programs, working security for special events, and answering emergency calls that come into the dispatch center.

The Administrative Division is commanded by a lieutenant who supervises a Criminal Investigations Sergeant, an Administrative Services Sergeant, and a Technology Sergeant. The Criminal Investigations Sergeant oversees two criminal investigators and is responsible for investigating criminal cases, conducting administrative investigations, and acting as a liaison between the University Police and other campus partners. The Administrative Services Sergeant oversees the department Records Manager, contracted non-sworn security officers, part-time reserve officers, and the Newnan Campus officer. They are also responsible for managing department records, responding to record requests, and planning and supervising large events and special details. The Technology Sergeant oversees one technology patrol officer and manages campus intrusion detection alarms, video surveillance systems, and technology related to special projects as directed by the Chief of Police.

Prevention and Awareness Programs

There are numerous educational programs provided by UWG that are designed to inform students and employees about campus security procedures and practices. The programs are also to encourage students and employees to be responsible for their own actions. The drug and alcohol awareness classes and self-defense classes include information on how to prevent sexual assaults, stalking, dating violence, and domestic violence. The courses also discuss bystander intervention. A presentation & safety booth is operated at all orientations and preview days to provide information to prospective students and their parents.

The University of West Georgia provides all incoming students and employees with programming to prevent sexual assaults, domestic violence, dating violence, and stalking before it occurs. The

university strives to ensure that educational programs provided are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, informed by research or assessed for value and effectiveness, as well as considering environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

The University of West Georgia prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking both under state law and institutional policy.

Consent

The State of Georgia does not define “Consent” in reference to sexual activity. However, the State of Georgia defines "without consent" as a circumstance in which "a person whose concurrence is required has not, with knowledge of the essential facts, voluntarily yielded to the proposal of the accused or of another." O.C.G.A § 16-1-3(19). It is important to note that not all criminal sexual offenses in Georgia require a lack of consent on the part of the victim. See O.C.G.A. § 16-6-1 et seq.

The University of West Georgia defines consent in judicial proceedings as words or actions that show a knowing and voluntary willingness to engage in mutually agreed-upon sexual activity. Consent cannot be gained by force, intimidation or coercion, by ignoring or acting in spite of objections of another, or by taking advantage of the incapacitation of another, where the respondent knows or reasonably should have known of such incapacitation. Consent is also absent when the activity in question exceeds the scope of consent previously given. Past consent does not imply present or future consent. Silence or an absence of resistance does not imply consent. Minors under the age of 16 cannot legally consent to sexual contact under Georgia law.

Definitions

Dating Violence: UWG defines dating violence as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim. The State of Georgia does not define dating violence.

Domestic Violence: includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child, by a person cohabitating with or who has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

The State of Georgia defines “family violence” as the occurrence of one or more of the following acts between past or present spouses, persons who are parents of the same child, parents and children, stepparents and stepchildren, foster parents and foster children, or other persons living or formerly

living in the same household: any felony, battery, simple battery, simple assault, assault, stalking, criminal damage to property, unlawful restraint, or criminal trespass. The term “family violence” shall not be deemed to include reasonable discipline administered by a parent to a child in the form of corporal punishment, restraint, or detention. See O.C.G.A. § 19-13-1 et seq.

The University System of Georgia defines Domestic Violence as “violence committed by a current or former spouse or intimate partner of the alleged victim; by a person with whom the alleged victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner, or by a person similarly situated to a spouse of the alleged victim.”

Sexual Assault: UWG defines sexual assault as an umbrella term referring to a range of nonconsensual sexual contact, which can occur in many forms including but not limited to rape and sexual battery. The State of Georgia defines sexual assault as when a person with supervisory or disciplinary authority over another individual engages in sexual contact with the person over whom they have supervisory or disciplinary authority. Examples include teacher and student enrolled at the same school, parole officer and parolee, employee of a law enforcement agency and person being detained or in custody, etc.

Stalking: UWG defines stalking as engaging in a course of conduct directed toward another person based upon sex that would cause a reasonable person to fear for his or her safety or the safety of immediate family members or close acquaintances or to suffer substantial emotional distress. The State of Georgia defines stalking as “when he or she follows, place under surveillance, or contacts another person at or about a place or places without the consent of the other person for the purpose of harassing and intimidating the other person.” O.C.G.A. § 16-5-91.

UWG Policies Governing Alcohol and Other Drugs

Drug Free Campus

State and federal legislation place specific responsibilities on the University to promote a drug-free campus. Alcohol and drug information programs that address the risks of drug and alcohol abuse are publicized and available. Faculty, staff, and students with problems can be referred for appropriate assistance. Standards of conduct at the University of West Georgia prohibit the illicit possession, use or distribution of drugs and alcohol on campus or at university functions. Penalties for violations of these standards range from warnings and probation to expulsion, arrest, and loss of employment. A complete statement of the University's policy regarding the Drug-Free Communities and Schools Act Amendments of 1989 and the Georgia Drug-Free Postsecondary Education Act of 1990 is published annually in the fall semester Schedule of Classes and is distributed to all new students during orientation. Copies of the policy may be obtained from the Human Resources Office, Aycock Hall and the Office of Student Affairs and Enrollment Management, Campus Center.

Alcoholic Beverage Policy

Georgia law requires that individuals be 21 years of age or older in order to possess or consume alcoholic beverages. The University of West Georgia enforces this law. For additional information on a student's personal responsibility regarding alcoholic beverages, see the Student Code of Conduct:

Policies Specific to Faculty and Staff- Faculty and staff are bound by the UWG employee handbook as it relates to alcohol and drugs. Use of alcohol and drugs in the workplace is considered unacceptable conduct. The policy as it relates to faculty and staff is set forth below:

The use, consumption, possession, distribution or sale of any narcotic, dangerous drug, or controlled substance by any employee of the University for which such employee does not have a legal license or valid prescription is strictly prohibited. It is the employee's responsibility to inform the University of such convictions and/or admittance of guilt. Employment following a drug related offense may be conditioned on the employee's completion of a drug abuse treatment and education program approved by the President. If, prior to arrest for an offense involving a controlled substance, or a dangerous and/or illegal drug, an employee notifies his or her immediate supervisor that he or she illegally uses a controlled substance, marijuana, or a dangerous drug and is receiving treatment or agrees to receive treatment under a drug abuse and education program approved by the President, such employee shall be retained for up to one year as long as the employee follows the treatment plan and the quality of his/her work remains satisfactory. Retention of such employee shall be conditioned upon satisfactory completion of the program. The employee's work activities may be restructured if, in the opinion of the immediate supervisor, it is deemed advisable. No statement made by an employee to a supervisor or other person in order to comply with this policy shall be admissible in any civil, administrative or criminal proceeding as evidence against the employee. The rights herein granted shall be available to a University employee only once during a five-year period and shall not apply to any such employee who has refused to be tested or who has tested positive for a controlled substance, marijuana or a dangerous and/or illegal drug.

Underage Drinking- Consuming alcohol underage is a violation of Georgia Law and UWG Student Conduct Policies. It is not tolerated and may result in arrest, citation, and/or disciplinary procedures.

Carrying a False ID- Carrying a false ID for the purposes of acquiring alcohol is a violation of Georgia Law and UWG Student Conduct Policies. It is not tolerated and may result in arrest, citation, and/or disciplinary procedures.

Public Drunkenness- Being drunk in public is a violation of Georgia Law and UWG Student Conduct Policies. It is not tolerated and may result in arrest, citation, and/or disciplinary procedures.

Driving Under the Influence- DUI is a violation of Georgia Law and UWG Student Conduct Policies. It is not tolerated and may result in arrest, citation, and/or disciplinary procedures.

Refusing a Chemical Test- Refusing a chemical test is the right of every individual. The Georgia Law on Implied Consent states that refusal may result in one's driving privileges be revoked.

Open Container Law- Anyone with an open container of alcohol in a public place in violation of Georgia Law may be arrested and/or cited. They may also face disciplinary procedures through the Student Code of Conduct.

Possession of Small Amount of Marijuana- Georgia Law O.C.G.A. 16-13-2(b) states "any person who is charged with possession of marijuana, which possession is of one ounce or less, shall be guilty of a misdemeanor and punished by imprisonment for a period not to exceed 12 months or a fine not to exceed \$1,000, or both, or public works not to exceed 12 months." Anyone violating Georgia Law may be subject to arrest and/or citation as well as disciplinary procedures through the Student Code of Conduct.

Possession of Drug Paraphernalia- Georgia Law O.C.G.A. 16-13-32.2 states, "(a) It shall be unlawful for any person to use, or possess with the intent to use, any object or materials of any kind for the purpose of planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling, or otherwise introducing into the human body marijuana or a controlled substance. (b) Any person or corporation which violates any provision of this Code section shall be guilty of a misdemeanor. Anyone violating Georgia Law may be subject to arrest and/or citation as well as disciplinary procedures through the Student Code of Conduct.

Synthetic Marijuana- Georgia Law O.C.G.A. 16-13-25 defines the chemical composition of synthetic marijuana. Possession of synthetic marijuana may result in arrest and/or citation as well as disciplinary procedures through the Student Code of Conduct.

Drug & Alcohol Risks and Consequences- Students and employees found in violation of the drug laws face arrest, expulsion from the University, and loss of future federal educational loans and grants. Employees found in violation are also subject to the termination of their employment. The University is in compliance with all provisions of the "Drug Free Campus" amendment to the Higher Education Act of 1989. The University Police Department has adopted a policy of Zero Tolerance toward persons who violate the alcohol laws. These violations include, but are not limited to, underage drinking, driving under the influence, and furnishing alcohol to minors,

open container and public drunkenness. This policy is based on our experience with students who have abused alcohol in the past. There is a direct relationship between alcohol abuse and instances of sexual assault, fighting and vandalism. Alcohol abuse harms not only the person drinking, but also those around him or her. The University Police arrests all persons found in violation of these laws unless the immediate circumstances dictate otherwise. Exceptions would include if the person has been a victim of sexual assault, or has a medical condition that requires immediate attention. These persons may be cited at a later date. All campus alcohol cases are processed through the City Court in Carrollton and referred to Student Services for violation of the Student Conduct Code. In recent years, the City Court judges have levied hefty fines and many hours of community service on those convicted of alcohol violations, especially driving under the influence (DUI) and underage consumption. Repeat offenses have resulted in students being ordered to serve time in the County jail. The judges have made it clear that the time to be served will be when ordered and not when convenient for the student. Students have missed midterms, finals and spring break due to being lodged in jail for multiple violations of the alcohol laws. Students who miss exams due to being in jail for repeated drinking violations have also found the faculty less than sympathetic in providing an opportunity for a make-up exam.

Drug & Alcohol Resources for Students- Persons who abuse drugs and alcohol can be a danger to themselves and to those around them. If you or someone you know needs assistance with a drug or alcohol problem, the University has the resources to help you. The Patient Advocates at Health Services (678-839-6452) or the counselors at Counseling & Career Development (678-839-6428) are available to assist you Monday through Friday from 8:00 am to 5:00 pm. They are also on call 24 hours a day through the University Police Dispatch Center (678-8396000). Their services are available to enrolled students free of charge and are strictly confidential. More information can be found at: www.westga.edu/uwgcares/index.php . If someone is abusing or selling drugs, and you are fearful for your safety or those around you, contact the University Police at 678-839-6000 (24/7/365) and ask to speak with an officer. An investigator will be assigned to follow up on the information and take whatever action is possible. The University Police will also coordinate with Counseling & Career development so that their resources may be utilized to protect the students involved. The University Police Department offers information and classes on drug prevention. If you would like to schedule a class please call the Office of Professional Standards & Training at 678-839-5280.

Weapons

Policy

Unauthorized use, possession or storage of any weapon on University premises or at University

sponsored activities except for as set forth in O.C.G.A. § 16-11-127.1. Weapon means any object or substance

designed, or used to, inflict a wound, cause injury, or incapacitate, including, but not limited to pellet guns, BB guns, bludgeons, metal knuckles, switchblade knives, and knives designed for the purpose of offense or defense.

The University of West Georgia prohibits the possession of any weapon on the campus except as noted below. The Campus is defined by the law to include the campus proper as well as property leased by or loaned to the University for University functions. This includes, but is not limited to, off-campus sites used by Athletics for sporting events or vehicles used by the University to provide transportation for students and staff. O.C.G.A. § 16-11-127.1(b). This prohibition extends to all faculty, staff, students, and visitors.

Definitions

Under the law the following items are considered weapons and therefore may not be possessed on campus. Weapon means and includes any pistol, revolver, or any weapon designed or intended to propel a missile of any kind, or any dirk, bowie knife, switchblade knife, ballistic knife, any other knife having a blade of two or more inches, straight-edge razor, razor blade, spring stick, metal knucks, blackjack, any bat, club, or other bludgeon-type weapon, or any flailing instrument consisting of two or more rigid parts connected in such a manner as to allow them to swing freely, which may be known as a nun chahka, nun chuck, nunchaku, shuriken, or fighting chain, or any disc, of whatever configuration, having at least two points or pointed blades which is designed to be thrown or propelled and which may be known as a throwing star or oriental dart, or any weapon of like kind as defined in subsection (a) of Code Section 16-11-106. Weapon does not include baseball bats, hockey sticks, or other sports equipment possessed by competitors for legitimate athletic purposes; and this policy does not apply to certain persons acting within their official capacity, i.e., law enforcement officers, prosecuting attorneys, etc. For a complete list, please refer to O.C.G.A. § 16-11-127.1(c).

Exceptions

The following exceptions are the only exceptions to this policy:

1. Weapons which are used in classroom instruction. Weapons used in classroom instruction by faculty, staff, or students must be approved in writing by the UWG Chief of Police prior to the weapon being brought onto campus. In addition, students must secure approval by the instructor prior to requesting permission from the UWG Chief of Police. Permission requests to the Chief of Police must include academic justification and security considerations. Those bringing weapons must comply with the stipulations established by the Chief for security and safety purposes, and failure to do so may be considered a violation of this policy. Weapons brought on campus for classroom instruction will not include live ammunition although deactivated rounds are allowed for demonstration purposes only.
2. Any person (including students) who holds a valid weapons carry license obtained in accordance with O.C.G.A. § 16-11-129 or pursuant to O.C.G.A. § 43-38-10 may carry a handgun in a concealed manner on property owned or leased by public colleges and

universities, with some exceptions as explained below. It will not allow any other type of gun to be carried around campus; nor will it allow handguns to be carried openly. (O.G.G.A. § 16-11-127.2 (c)(20) does not apply, however, to institution-sponsored events or excursions away from campus on property not owned or leased by a University System institution.) The statute defines concealed as “carried in such a fashion that does not actively solicit the attention of others and is not prominently, openly, and intentionally displayed except for purposes of defense of self or others.” A license-holder therefore may carry a handgun while it is substantially (“but not necessarily completely”) covered by an article of clothing he or she is wearing, or contained within a bag (“of a nondescript nature”) he or she is carrying, or in another similar manner that generally keeps it out of the view of others. There are a number of exceptions that limit the places on campus where handguns may be carried. Even license-holders may not carry a handgun into the following locations on college/university-owned or leased property:

- a** Buildings and property used for athletic sporting events. This exception includes stadiums, gymnasiums and similar facilities in which intercollegiate games are staged (but does not extend to so-called “tailgating” areas where fans may congregate outside the gates of the sports facility). It does not extend to student recreation centers and similar facilities that are not used for intercollegiate games. ·
- b** Student housing facilities including residence halls and similar buildings where students live such as fraternity and sorority houses. (Note that any housing that is not on property owned or leased by a University System institution is not covered by House Bill 280.) ·
- c** Spaces – including any room, continuous collection of rooms or outdoor facility – that are used for preschool or childcare. In order to qualify, preschool and childcare spaces must have controlled access (meaning access via personnel stationed at the door or an electronic mechanism) limited to authorized people. ·
- d** Rooms and other spaces during the times when they are being used for classes in which high school students are enrolled, whether through dual enrollment or through college and career academies or other specialized programs such as Early College. License-holders who want to carry handguns to class will need to visit the institution’s registrar or other designated employee, who after verifying their enrollment status will tell them which of their classes, if any, have high school students enrolled. Institutions shall not, however, keep any listing of those who inquire. (Note also that the names of enrolled high school students may not be revealed in accordance with FERPA and applicable privacy laws.) It is the responsibility of license-holders to seek out this information and make themselves aware of which classrooms fall within this exception. 3 ·
- e** Faculty, staff and administrative offices. This exception includes offices and office suites occupied by faculty, staff and administrators but does not include more general public common spaces outside of those areas. · Rooms during the times when they are being used for disciplinary proceedings of any kind, including those regarding students, faculty or staff. These would include any meetings or hearings that are part

of the University System's or the institution's sexual misconduct, student conduct, dispute resolution, grievance, appeals or similar processes.

- f Under the new law, it is a misdemeanor crime for a license-holder to carry a handgun "in a manner or in a building, property, room, or space in violation of" these provisions. Doing so also may be a violation of the institution's student code of conduct and personnel rules. It will be the responsibility of those license holders who choose to carry handguns on campus to know the law and to understand where they can go while carrying. Institutions will not provide gun storage facilities or erect signs outside restricted areas.

Violations

All persons found in possession of a weapon as defined by state law in OCGA § 16-11-127.1 that does not fall within one of the stated exceptions are subject to arrest. Violations of the law by any person with a valid weapons carry license subjects the violator to a misdemeanor. Violations of the law by any person without a valid weapons carry license subjects the violator to a felony. Please refer to OCGA § 16-11-127.1. Students found in possession of any weapon other than one specifically listed as an exception will also be referred to Student Judicial Affairs for disciplinary action, up to and including expulsion. Staff and faculty will also be subject to discipline, up to and including termination.

Information for Victims of Sexual Assault, Dating Violence, Domestic Violence, and Stalking

The University of West Georgia follows Student Sexual Misconduct policies and Standards for Institutional Student conduct Investigation and Disciplinary Proceedings set forth by the University System of Georgia in section 4.1.7 and 4.6.5. The entire USG Policy manual can be found at: <http://www.usg.edu/policymanual/>

The following information is provided so that all members of the University Community will have a better understanding of the policies and procedures the University follows when responding to victims of sexual assault as well as the resources available to those victims. Though the number of stranger to stranger sexual assaults are very low on campus, we experience a number of familiar assaults each year. Based on survey data, we also believe there are many assaults that go unreported and the victim does not receive support services. The University encourages all victims of sexual violence to utilize the resources available to them. We also encourage everyone in the campus community to become involved in stopping sexual assault at UWG.

- If you see someone who is about to become a victim, intervene to help that person or call someone who can. If you're in an organization, create an atmosphere that is intolerant of sexual violence.
- If you become aware of a person who is a victim of sexual assault, be supportive and encourage that person to seek confidential assistance from campus or off-campus resources.

Health Services employs the only certified Sexual Assault Nurse Examiners in our area as well as confidential victim advocates who can link impacted students with medical care and educate them about their rights and their options. The advocates are available 24/7 by calling 470-215-9946. Learn more here: <https://www.westga.edu/student-services/health/about-us-patient-advocacy.php>

- If we work together to end sexual violence, we can truly make our University “the best place to work, learn, and succeed!”

Rights of Victims of Sexual Assaults

It is the policy and practice of the University of West Georgia to provide an environment that is sensitive and responsive to the needs of victims of sexual assault. In accordance with this position, the university has established a policy for students, employees, and others who may become victims of such assaults on its campuses. Victims are entitled to the following rights:

Pursuant to O.C.G.A. § 17-5-72 victims of sexual assault in the State of Georgia may request, at no cost to the victim, a Medical Forensic Examination for sexual assault, regardless of whether the victim participates in the criminal justice system or cooperates with law enforcement in pursuing prosecution of the underlying crime.

The University also ensures that victims have the following rights:

- To have sexual assaults treated with seriousness.
- To be treated with dignity.
- To have sexual assaults investigated and adjudicated by appropriate criminal, civil and or University authorities.
- To receive the full and prompt cooperation and assistance of University personnel in notifying the proper authorities.
- To be free from any kind of pressure by University personnel in choosing not to report a crime, or to report a crime as lesser offenses than the victims perceive.
- To have legal assistance, or to have others present, in any campus disciplinary proceedings in the same manner that the institution permits to the accused and to be notified of the outcome of such proceedings.
- To receive the full and prompt cooperation of campus personnel in obtaining, securing, and maintaining evidence as may be necessary to the proof of criminal sexual assaults in legal proceedings.
- To be made aware of, and assisted in exercising options regarding mandatory testing of sexual assault suspects for communicable diseases and to be notified of the results of such testing.

Further, victims have the right to: ♦ Be treated fairly and with dignity by all criminal justice agencies involved in the case ♦ Proceedings free from unreasonable delay ♦ Be notified of the availability of victims' compensation, which is available under the Georgia Crime Victims Compensation Program at (800) 547-0060 or www.cjcc.ga.gov ♦ Be notified of the Georgia Crime Victims Bill of Rights ♦ Be notified of community based victim services programs ♦ Be notified of an arrest warrant being issued for the accused. ♦ Reasonable, accurate and timely notice of the arrest, release or escape of the accused. ♦ Reasonable, accurate and timely notice of any scheduled court proceedings or any changes to such proceedings ♦ Not to be excluded from any scheduled court proceedings involving the accused, except as otherwise provided by law ♦ Be heard at any scheduled court proceedings involving the release, plea or sentencing of the accused ♦ Refuse to submit to an interview by the accused, accused's attorney or agent of the accused ♦ A waiting area, during judicial proceedings, that is separate from the accused and his or her relatives, friends, and witnesses ♦ Complete a Victim Impact Statement and have it presented to the court prior to the trial or plea of the accused ♦ File a written objection in any parole proceedings involving the accused ♦ Confer with the prosecuting attorney in any criminal prosecution related to the victim ♦ Restitution as provided by law ♦ Under certain conditions, be notified of the accused being on an electronic release and monitoring program ♦ Be notified of the accused being prohibited from contacting the victim

If You Become a Victim

Regardless of the circumstances surrounding the assault, do not delay seeking help out of embarrassment, peer pressure, or if you have been drinking underage or using illegal substances. If you are a victim and have been consuming drugs or alcohol, intentionally or unintentionally, you will not be prosecuted by University Police. The University is here to help you and will assist in whatever

manner possible. Specifically, the following Departments form a team that is trained to assist victims of sexual assault. The following list names those departments and what services they provide:

The University Police, located in Row Hall East (678-839-6000 – 24/7/365) will come to you and take you to a safe place. The police officers will notify Health Services where you will be treated by medical staff who have been specifically trained to treat victims of sexual assault. (See below for more information on the S.A.N.E.s employed at Health Services.) Once your medical needs have been addressed, an investigator with the University Police can interview you and begin an investigation into the crime. If there is sufficient evidence, the case will be taken through the courts and the investigator will be with you through the process. Here are some things you need to know:

- You are in charge of the investigation. You can delay speaking with the officer or choose not to speak with the police at all.
- You do not have to decide right away if you want to prosecute or not. Under Georgia law you have up to two years to make that decision. You also have the right to change your mind as to whether or not you wish to prosecute. It is important that an exam and rape kit be completed so if you do decide to prosecute later, the evidence is available for use in court.
- You have the right to pursue disciplinary action against your assailant under the UWG Student Conduct Code which can be found at <http://www.westga.edu/handbook/>. This action can be taken in addition to or in lieu of criminal prosecution.
- For sanctions and arrests related to rape and sexual assault, UWG abides by the state definition as follows:
 “In Georgia, Rape is defined under O.C.G.A. § 16-6-1 as a male having carnal knowledge of a female forcibly and against her will. Carnal knowledge in rape occurs when there is any penetration of the female sex organs by the male sex organs. The Code recognizes that rape can occur even between spouses so the defendant cannot use the fact that he is married to the person accusing him of rape as a defense. Rape is punishable by death, life imprisonment with or without parole, or a minimum of 25 years imprisonment, followed by probation for life.”
 Sexual Assault: In Georgia, Sexual Assault is defined under O.C.G.A. § 16-6-5.1 as sexual contact that is perpetrated by a person who has supervisory or disciplinary authority over another individual.”
- We will support you in whatever decision you wish to make but we do strongly encourage you to seek treatment at Health Services. Their services are free of charge, confidential, and are provided on campus, rather than in a crowded emergency room at the local hospital. Our local hospital does not employ SANEs. Health Services will provide the exam and treatment, whether the assault occurred on or off campus.
- Health Services will also perform a rape kit which collects the evidence needed to prosecute a case if you choose to do so. If you need additional time to decide whether you wish to press charges, the evidence kit can be securely stored in the Evidence Locker at Health Services for up to one year.
- The Health Services Victim Advocate or the University Police can assist you in obtaining a protective order to keep your assailant away from you. University Police will serve the order and enforce it to the fullest extent of the law.

Health Services, located on West Georgia Drive (678-839-6452) will assist with medical treatment, provide forensic exams, and follow up care as needed. By having a medical exam, the campus physician or nurse can check for injuries and provide antibiotics to prevent sexually transmitted infections. Health Services has medical staff trained as Sexual Assault Nurse Examiners (S.A.N.E.) who can address the needs of victims in a caring, compassionate manner. In addition to the medical exam, the S.A.N.E. can collect evidence needed for prosecution. If you are a victim, you can access services in the following manner:

- If a victim wishes to be seen during normal business hours (<http://www.westga.edu/health/>) enter Health Services and advise the receptionist of why you are there in a manner that is most comfortable for you. You may also ask to speak directly with a Health Services Advocate who will educate you about your rights and your medical options.
- If the assault occurs after normal business hours, call Health Services Victim Services Crisis Line at 470-215-9946. The S.A.N.E.'s are available whether the assault occurs on or off campus.
- Along with the S.A.N.E, an Advocate is available to assist. The Advocate is a trained counselor who can address the immediate needs of a victim. The Advocate can also assist with:
 - Notifying the victim's professors in case he or she may need to miss class. The professor is not told why, but the faculty are aware if an Advocate contacts them, the request to miss class is legitimate.
 - The Advocate can work with the faculty and Registrar if a class change is needed due to the assailant being in the same class with the victim.
 - The Advocate will coordinate with Housing if a residence hall room change is needed.
 - All services are confidential and free of charge.

The Counseling Center (678-839-6428) provides long term counseling services to victims of sexual assault. This applies to assaults that occur while attending the University as well as those that happened prior to enrolling at UWG. Their services are confidential and also free of charge to students.

Housing and Residence Life located in East Commons (678-839-6426) will coordinate with the Advocate to deal with issues involving housing. If a room change is needed by a victim, the Housing Office will take all reasonable steps to move the victim to a location where the victim can feel safe and avoid contact with the assailant as much as possible.

A Word on Confidentiality

University of West Georgia Counseling Center and Health Services are exempt from mandatory reporting obligations. The University Police, as a public law enforcement agency will acknowledge that an assault has been reported. However, Georgia law provides that the Department will not publish the name or address of a victim of sexual assault.

How to Report a Sexual Assault

If you do become a victim of a sexual assault, you should do the following:

- Get to a safe place and then phone the police. If you are on campus, call 678-839-6000. If you are off campus, call 911. If you do not choose to speak with the police and are in a safe location, you can also call 24/7 confidential victim services line for Health Services at 470-215-9946 to be connected to advocacy and medical services.
- If you call the police, tell the dispatcher that you have been sexually assaulted and answer the questions the dispatcher asks you. Some of the questions may not seem important, but your answers will assist the police in serving you better. If the perpetrator may still be in the area, let the dispatcher know.
- Wait for the police to arrive. Do not change clothes, wash, or in any way alter your state as this may destroy evidence. For the same reason, do not alter the site of the assault if that is where you are calling from. Do not eat, drink or take any medications until the police have arrived.
- Once the police have arrived, the officers will guide you as to what will happen next. You will be interviewed about the incident and then, if you agree, you will be transported to Health Services or the hospital for an examination.

What Will Follow Next

If a suspect is identified and sufficient evidence exists, the police will obtain an arrest warrant from a judge. Some jurisdictions will require you to sign the warrant in the presence of a judge. In other jurisdictions, the police will sign the warrant on behalf of the victim. On campus, it is the policy of the University Police to sign the warrant unless the victim desires to do so.

Note: The University Police will take no criminal action without the approval of the victim unless there are extraordinary circumstances which mandate action be taken.

Once the warrant is served, the accused will be arrested and placed in jail. A magistrate will determine if the subject is to be granted bail based on various factors. These include the level of violence associated with the crime, the probability of the person appearing for trial, and the background of the accused. If bail is granted, restrictions can be placed on the person, such as not making contact with the victim, not drinking alcoholic beverages, and being home before a certain hour.

If the accused pleads not guilty, the District Attorney will review the case prepared by the police. If the DA accepts the case, it will be presented to the Grand Jury of Carroll County for indictment. An indictment is a finding by the grand jury that sufficient evidence exists to send the case forward for a full trial. If the Grand Jury issues an indictment, the case is forwarded to the Superior Court of Carroll County for trial. During the trial, the District Attorney will prosecute the case on behalf of the victim. The accused will be represented by an attorney and has the right to challenge evidence and cross-examine witnesses including the victim.

In Georgia, state law prohibits the publishing of the name or photograph of a rape victim. This includes publication in the local media as well as University publications.

In addition to, or in lieu of criminal prosecution, the case can/will be adjudicated through the Office of Community Standards - <http://www.westga.edu/studentconduct/>. To speak with the Conduct Specialist, call 678-839-2466.

Preventing Stranger-to-Stranger Assault

At night- walk along the lighted main roads. Avoid taking shortcuts through wooded areas.

Sign up for LiveSafe from your app store, download the LiveSafe app. Type in your University e-mail address and fill out your profile. Once initially registered, you can go to Smart911.com and fill out the rest of profile. The more information you place in your profile, the better we can assist you in an emergency. This is a free service of the UWG Police Department.

Ride the shuttle bus - it operates Sunday through Friday and the full schedule can be found at: <https://www.westga.edu/campus-life/parking/index.php>

When possible, walk with a friend or a group. Walking in pairs or groups significantly reduces the chances of becoming a victim of crime. Match your schedules with others so that if you need to go to the library, Campus Center, or East Commons Dining, especially after dark, you have others to go with. Do the same on the walk back to your residence hall.

If you come in late, call the University Police Dispatch Center at 678-839-6000 and request an officer to provide a safety escort.

Never let anyone into the residence hall that you don't know. If the person doesn't have an access card, they need to use the phone by the reader door to notify the person he/she wants to visit to meet and provide them with access.

Report unescorted males in the women's halls to the RA staff or University Police.

Report all suspicious persons to the University Police immediately.

Don't allow anyone in your room that you don't know. If someone is soliciting in your hall, contact the University Police immediately.

DO NOT prop open the exterior doors to yours or anyone else's residence halls. Always keep the door to your room locked, even when you're going to be gone for only a short time. When you're sleeping, make sure the door is always locked.

Preventing Sexual Assault by an Acquaintance

When attending a party or in any circumstances where alcohol is being served, drink responsibly. Alcohol is the number 1 date rape drug used. National statistics show that the vast majority of victims are sexually assaulted by a person s/he knows. Often both the victim and assailant had consumed

sufficient alcohol to be considered drunk. If you remain sober and in control of your environment, you are better prepared to perceive danger, and you're physically capable of getting away.

If you attend a social event and plan to consume a great deal of alcohol, go with a friend who can watch over you. Choose a trustworthy friend who knows you, who will have the courage to stand up for you and to intervene if necessary. Just like the "designated driver", a designated "guardian angel" may prevent you from suffering the trauma of being a victim of sexual assault. This approach works well with groups as well as individuals.

When going out with someone, establish the ground rules early. Sexual partners should obtain clear verbal consent. If the person you are with does not respect your decisions or your boundaries, tell the person in very clear terms that you are not interested. If he continues to press the issue, ask someone else to take you home or call for a cab.

If you feel uncomfortable with a person, trust your instincts and follow your senses. Regardless of all the good qualities the person may appear to have, listen to your "sixth sense" before you agree to go out with him.

When you go out, be prepared in case something goes wrong. Carry a cell phone in case you need to call someone to pick you up or contact the police. Preprogram the University Police number into your phone. (University Police – 678-839-6000 - available 24/7/365 or 911)

When you go out with someone new, let a friend know who that person is and where you are going to go. Give a physical description of the person and his vehicle if the friend doesn't know him.

Sex Offender Registration

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student. In Georgia, convicted sex offenders must register with the State of Georgia Department of Corrections. You may obtain State information on individuals registered as sex offenders by visiting the Georgia Bureau of Investigation Sex Offender Registry web site at <http://gbi.georgia.gov/georgia-sex-offender-registry>

Emergency Management on Campus

Upon establishment of the Department of Emergency Management in November 2017, the Director of Emergency Management began a comprehensive review of existing emergency and contingency plans and procedures. An emergency management planning team was established to ensure university and community, as a whole, were represented and engaged in the revision of plans and procedures at UWG. The Emergency Planning Committee completed a Hazard Vulnerability and Risk assessment for UWG in April 2018.

The Comprehensive Emergency Management Plan was developed and approved in July 2018. The University of West Georgia Comprehensive Emergency Management Plan provides a comprehensive framework for University wide emergency management. It addresses the roles and responsibilities of university organizations and outlines the relationship to local, State, Federal, and private organizations and resources to address disasters and emergencies that may affect the University. The plan ensures consistency with current policy and describes the interrelationship with all levels of government and the surrounding community. The plan will continue to evolve, by implementing lessons learned from disaster and emergency experiences, ongoing planning efforts, training and exercise activities, and changes to State and Federal statutes and guidance.

The Emergency Planning Committee began the development of a multiyear training and exercise plan, to include hazard awareness training, emergency preparedness training and incident specific exercises. Training and exercises in 2018 focused on weather awareness and preparedness, an emergency during a special event and severe weather impacts to campus. The University was designated a Weather Ready Nation (WARN) Ambassador in 2018.

In addition, the following programs were established: an after-action review program to capture and address lessons learned from special events, incidents or emergencies; special events planning guidance to insure standardized contingency and pre-event emergency planning; a building coordination program to train building coordinators in emergency preparedness and increase the level of preparedness of UWG buildings.

Beginning in the Fall of 2019, a campus wide review and development of a university Continuity of Operations (COOP) plan will begin. Numerous plans and procedures currently exist, this effort is designed to standardize and integrate these efforts

The Daily Crime Log: Recording Crimes Reported to the Police

The purpose of the daily crime log is to record criminal incidents reported to the University Police.

The University Police Department publishes a Daily Crime Log in hard copy as well as a web version. The hard copy log is located in the Parking Services Office (Row Hall East) and is available during normal business hours. The web version can be located on the UWG Police webpage under the Clery Act page at: <https://www.westga.edu/police/what-is-the-clery-act.php> by selecting the Annual Crime Log Tab.

The log is published Monday through Friday except when the University is closed. When the University is reopened, the log is updated to include what occurred when closed. It includes the

nature, date, time, and general location of each crime as well as its disposition if known. Changes in the disposition status of incidents noted on the crime log are updated as far back as 60 days. This is usually done when an arrest is made on an incident that previously was considered an “open case”. The log is generated by reviewing criminal incidents that occurred since the previous version of the log was published. It includes crimes that occur on campus, as well as off campus incidents responded to by UPD officers. For that reason, it differs from the Annual Security Report where an incident’s geography determines whether or not it is included.

For reference the following terms used in the Daily Crime Log are defined:

Date Reported

The date the report was filed with the University Police.

Date Occurred

The date the incident occurred as reported to the University Police.

Time of Occurrence

Military Time. The time the incident occurred as reported to the University Police. When the person making the report does not know exactly when, “unknown” will be entered.

Nature of Offense A brief summary of the crime(s) that were reported to the University Police.

General Location of Occurrence: A general location of the incident as reported to the University Police.

Disposition

The latest status of the incident and may be one of the following

Open

Indicates the incident is still being investigated.

Closed

Indicates no further action anticipated by the University Police Department and may include an additional status:

Subject Arrested

The suspect was identified and charged with a crime.

Referral

No charge was made but the report was forwarded to Campus Judicial Authorities. Note that this does indicate that it will necessarily be counted as a “referral” for Clery

Issued Citation

The suspect was identified, no arrest was made, but they were charged with a crime via a citation.

Warning

A warning was issued to the suspect.

Unfounded

An investigation was conducted and no probable cause exists to believe that a crime occurred.

Declined Prosecution

The complainant did not wish to prosecute the crime.

Missing Students

University of West Georgia

Missing Residential Student Notification Policy and Procedures

The following procedures have been developed to provide required notifications within twenty-four (24) hours after the time a campus resident student is deemed to be missing. This plan is intended to comply with the Higher Education Opportunity Act, Section 485 (j) until specific guidelines or requirements are published by the U.S. Department of Education.

Registration Procedure

- 1) Residential students will be informed each academic year that each student, age 18 or above, has the option to identify a person designated as a confidential contact to be notified by the University not later than twenty-four (24) hours after the time the student is determined to be missing. The confidential contact may be a person designated by the student in addition the emergency contact listed with the University of West Georgia Registrar. Students who are under age eighteen (18) and are not emancipated will be informed each academic year that the institution is required to notify the custodial parent no later than twenty-four (24) hours after the time the student is determined to be missing.
- 2) A form will be provided to each student by the Office of Housing and Residence Life at the beginning of Fall Semester. The form will be completed and return to the resident's Resident Adviser (RA). The RA will make a good faith effort to ensure that all residents have the opportunity to complete the form. Once the forms have been completed, they will be turned over to the Office of Housing and Residence Life where they will be placed in alphabetical order by residence hall. The

forms will then be given to the Communications Center at the University of West Georgia Police Department.

Students moving into the halls in Spring Semester will be provided a form by his/her RA. The same procedures will be followed in the processing of the form as used during Fall semester.

3) Each student who files a confidential contact registration form is solely responsible for the accuracy of the contact phone number. Any update of information should the confidential contact person and/or number change. A student may update information by filing a new form with the Office of the Housing and Residence Life.

4) Missing person contact information is confidential, accessible only to authorized campus officials and may not be disclosed except to law enforcement personnel in furtherance of a missing person investigations.

Missing Person Procedures

All official missing person reports must be immediately referred to the University Police or to the appropriate local law enforcement agency.

A student is determined to be missing when a report is made to the University of West Georgia Police Department and its personnel determine the report to be credible. Credibility may be established if any of the following circumstances are verified:

- a) No one has been able to contact the student in the last 24 hours even though reasonable efforts have been made by phone, email, and in-person attempts to do so.
- b) Evidence indicates a criminal act may have taken place. (If this occurs, the 24 hour waiting period will be discarded)
- c) Based on a reliable source, information exists that the student is in danger due to physical issues, mental illness, or consumption of drugs or alcohol. (If this occurs, the 24 hour waiting period will be discarded);
- d) Information exists that the person may be suicidal. (If this occurs, the 24 hour waiting period will be discarded);

Investigative Follow-up

- 1) To report a student missing, a complainant should call the University of West Georgia Police Department at 678-839-6000 and inform the dispatcher that you wish to file a missing person report.
- 2) An initial incident report will be taken by a University Police Officer. Included in the report will be the following information:
 - a) Name and physical description of the missing person
 - b) Does the missing person own a car or have access to one
 - c) Physical and mental condition of the missing person
 - d) Any situations or events that may have contributed to the disappearance
 - e) The last time the student was seen and whom he/she was seen with. Included with this information is any statements made by the missing person as to his/her future plans.
 - f) Campus residence and any phone number he/she could be reached at.
 - g) List of family and friends that may be aware of the location of the student.
 - h) Contact information of the person reporting the missing student.
- 3) The responding officer and other shift personnel will conduct a search of the campus for the student and his/her vehicle. If the student cannot be found, the on-call investigator will be notified as will the Chief of Police or Deputy Chief.
- 4) The investigator will begin an inquiry into the whereabouts of the student. The investigator will notify local law enforcement agencies and place the student's name and information on the Georgia Crime Information System.
- 5) The Chief of Police will notify the President and Vice Presidents for Student Services and Business and Finance as well as the Director of Housing and Residence Life.
- 6) Unless circumstances dictate differently, the person listed by the student to be contacted after 24 hours will be notified. The person may be contacted prior to the 24 hours if warranted by the information developed by the investigator.

Dates and times of Notifications

The President, Vice President of Student Services and Director of Housing and Residence Life will be informed by the University Police Department after initial attempt to contact the student does not successfully establish contact or lead to information that results in actual contact being made with the student. Each will be updated by University Police as the investigation of the incident progresses. If necessary, University Marketing and Communications will be requested to assist with contacting the media for assistance.

The emergency contact listed by the student as well as any confidential contact listed under Banner will be notified as part of the investigation in attempting to establish contact with the student reported missing. In the case of a student under the age of eighteen (18) and

not emancipated, the contact will be with the custodial parent. The contact will be initiated by the University of West Georgia Police Department.

Fire Safety Disclosures

Fire Safety Information

The University of West Georgia provides housing to approximately 3300 students in 13 residence halls and 18 fraternity and sorority houses.

Fire Protection Systems and Equipment

All residential facilities meet minimum fire protection codes in effect when they were constructed or renovated. The University has upgraded all halls to include a centrally monitored fire/smoke detection system. Each room is equipped with a smoke detector as are all hallways, community areas and mechanical rooms. The system initiates if smoke is detected or if a smoke detector is tampered with. All halls and houses also have pull stations and fire extinguishers throughout.

The system is monitored by the University Police at its Dispatch Center. The center is staffed 24/7/365 and has direct contact with Carroll County 911 who are responsible for dispatching the Carrollton Fire Department which serves the UWG campus.

The following buildings, in addition to the smoke detection system, ***are also equipped with a sprinkler system throughout the building.***

University Suites – 3 buildings
Center Pointe
All Houses in Greek Village

Arbor View Apartments – 3 buildings
The Oaks / Bowdon Hall

The following residence halls are equipped with the ***smoke detection system but not sprinklers.***

Strozier Hall	Strozier Annex	Tyus Hall	Gunn Hall
---------------	----------------	-----------	-----------

The ***fire extinguishers*** are inspected by Housing staff as part of their routine building checks. The extinguishers are also inspected by an outside firm in compliance with the fire code.

All **fire exits** are marked and lighted. Residents should familiarize themselves with not only the closest exit, but all exits in the building. This is important in case the closest exit to the resident's room is blocked and another exit route is needed. Once a resident becomes aware of a fire in the building, he/she should close and lock their room door and exit the building immediately. Do not stop and try to collect up valuable items. In the event of a rapidly moving fire, seconds count. ***Possessions and papers can be replaced – your life cannot.***

Fire Drills

A fire drill is conducted at each residence hall during the Fall and Spring Semester. It is noted in the Housing & Residence Policy that leaving the residence hall when the fire alarm is sounded is mandatory. Failure to do so will result in disciplinary action.

Reporting a Fire

The University Police (678-839-6000) respond to all fire calls on campus. Anytime there is a fire in a residence hall, the University Police should be called so that a report can be made. This report is used to:

- Initiate repairs,
- Can be used by residents for insurance purposes,
- Used by Housing, Risk Management and University Police to determine how such fires can be prevented in the future.

If the fire is currently burning, call the University Police after you have evacuated the building. If you are trapped, contact UP and advised them your location and that you cannot get out due to smoke and or flames. They will direct fire personnel to rescue you.

If the fire is small and has been put out, you should call the University Police and make the report. You can also call the Housing Office (678-839-6426) or Risk management at 678-839-6277. Within the hall, a fire can be reported to your resident assistant, resident director or the area coordinator. In Greek Village, in addition to the RA's, the Manager for Greek Housing can be contacted as well as the Residence Life Coordinator.

The Fire Log

The University Police post a running fire log combined with their Daily Crime Log on their web site. The log will show all of the fires in residence halls that have been reported for the current calendar year. The log notes the following information:

- Location where the fire occurred
- Date and time the fire occurred
- Reason for the fire
- Injuries or deaths caused by the fire
- Cost to repair the damage caused by the fire
- Case number assigned to the fire

The fire log for the last three years are posted on the web site.

Fire Prevention Education

Fire prevention education programs for the resident halls and Greek Village can be provided by both the University Police (678-839-5280) and the Office of Risk Management (678-839-6277). The staff of the two offices can provide training on a range of topics and will work with individuals to craft a program that fits the needs of the individual hall.

Future Fire Prevention and Detection Improvements

There are no immediate plans to provide more on-campus housing or to renovate the four remaining, non-sprinkled halls. If and when new housing is built or existing buildings are renovated, the facility will be constructed to comply with or exceed the current fire code.
