On-line Quizzes (50 total points):

All the chapters have quizzes which have to be completed before the scheduled deadline. No make-up quizzes are given under any circumstances. Failure to take a quiz during the scheduled time will result in a score of zero for that quiz. You have four attempts per quiz and the highest score is retained for grade purposes (Note: The quizzes may change each time they are opened). There are 10 quizzes in total.
Exams (300 total points):

There will be two exams in this class. The exam 1 is on CourseDen and must be completed before the scheduled deadline. **No make-up online test is given under any circumstances.** Failure to take an online test during the scheduled time will result in a score of zero for that test. The second exam will be given in class (**Time and location will be announced on CourseDen**). You must be physically present to take the test and you must bring your identification. Your ID will be checked when you submit your test. If you can not take the final test at the scheduled time, please contact me as soon as possible. **You may bring two pages of handwritten notes (you may write on front and back of both pages).**

**There are corresponding sample exams in CourseDen for both exams.** Sample exams are provided as study aids. Sample exams can increase your exam scores, but cannot lower your scores. If your highest sample exam score is lower than your actual exam score, you keep your actual exam score. If your highest score on the sample exam is greater than your actual exam score, your exam score will be calculated as:

Exam Score = \((1/4)(\text{Sample Exam Score}) + (3/4)(\text{Actual Exam Score})\).

If you are not able to take the final exam on the scheduled date, please follow the following instructions to schedule your test:
