Credit Hour Policy

The University of West Georgia grants one semester hour of credit for work equivalent to a minimum of one hour (50 minutes) of in-class or other direct faculty instruction AND two hours of student work outside of class per week for approximately fifteen weeks. For each course, the course syllabus will document the amount of in-class (or other direct faculty instruction) and out-of-class work required to earn the credit hour(s) assigned to the course. Out-of-class work will include all forms of credit-bearing activity, including but not limited to assignments, readings, observations, and musical practice. Where available, the university grants academic credit for students who verify via competency-based testing, that they have accomplished the learning outcomes associated with a course that would normally meet
the requirements outlined above (e.g. AP credit, CLEP, and departmental exams).

Credit Hour Policy (1 credit hour) for this course: Students in this class will spend approximately 75 minutes per week with faculty instruction (either face-to-face or online). Generally, students can expect to spend about 225 minutes of class work outside of the classroom each week. This out-of-class work may include, but is not limited to, preparing a resume, researching jobs on-line, attending interviews, and interacting with other students and colleagues to learn from their job search experiences. The out-of-class time required for a given outcome will vary by student.
