You will be required to complete three SAP assignments during the semester – sales and distribution module, materials management module, financial module and an excel pivot table.
  - I recommend using the lab to complete the SAP assignments but if you want to use SAP GUI on your personal computer, the link to download and install it will be provided on CourseDen.
  - Your SAP username and password will be posted on CourseDen.
  - Late assignments are accepted only up to ONE DAY LATER WITH A 20% PENALTY.
  - All SAP submissions are made in “Assignments” (dropbox) on CourseDen.

  - It is critical to follow the provided instructions to successfully complete a SAP assignment. There is a very limited amount of correction that can be applied to your SAP program once you have saved a process.
  - SAP assignments are graded against your SAP username and your GBI account will be audited to verify YOUR completion of assignment (THIS MUST BE YOUR ORIGINAL WORK; THIS IS NOT A TEAM SUBMISSION!).
  - Complete your SAP assignments **early with sufficient time** to resolve you programming issues.
  - SAP assignments support is obtained in person in the MIS lab and in the optional lab days.
- On the due date, SAP support is limited to assisting students uploading their SAP assignments.
- Password reset and “exceeded failed attempts” resets are to be requested by email to the professor (include your GBI and 3330 section number). Resets may take more than 24 hours.

HONOR CODE

At the University of West Georgia, we believe that academic and personal integrity are based upon honesty, trust, fairness, respect, and responsibility. Students at West Georgia assume responsibility for upholding the honor code. West Georgia students pledge to refrain from engaging in acts that do not maintain academic and personal integrity. These include, but are not limited to, plagiarism, cheating, fabrication, aid of academic dishonesty, lying, bribery or threats, and stealing.

The University of West Georgia maintains and monitors a confidential Academic Dishonesty Tracking System. This database collects and reports patterns of repeated student violations across all the Colleges, the Ingram Library, and the School of Nursing. Each incidence of academic dishonesty is subject to review and consideration by the instructor, and is subject to a range of academic penalties including, but not limited to, failing the assignment and/or failing the course. Student conduct sanctions range from verbal warning to suspension or expulsion depending on the magnitude of the offense and/or number of offenses. The incident becomes part of the student’s conduct record at UWG. Additionally, the student is responsible for safeguarding his/her computer account. The student’s account and network connection are for his/her individual use. A computer account is to be used only by the person to whom it has been issued. The student is responsible for all actions originating through his/her account or network connection. Students must not impersonate others or misrepresent or conceal their identities in
electronic messages and actions. For more information on the University of West Georgia Honor Code, please see the Student Handbook.

**UWG EMAIL POLICY**
University of West Georgia students are provided a MyUWG e-mail account. The University considers this account to be an official means of communication between the University and the student. The purpose of the official use of the student e-mail account is to provide an effective means of communicating important university related information to UWG students in a timely manner. It is the student’s responsibility to check his or her email.

**CREDIT HOUR POLICY**
The University of West Georgia grants one semester hour of credit for work equivalent to a minimum of one hour (50 minutes) of in-class or other direct faculty instruction AND two hours of student work outside of class per week for approximately fifteen weeks. For each course, the course syllabus will document the amount of in-class (or other direct faculty instruction) and out-of-class work required to earn the credit hour(s) assigned to the course. Out-of-class work will include all forms of credit-bearing activity, including but not limited to assignments, readings, observations, and musical practice. Where available, the university grants academic credit for students who verify via competency-based testing, that they have accomplished the learning outcomes associated with a course that would normally meet the requirements outlined above (e.g. AP credit, CLEP, and departmental exams).
