Course Description

Successful organizations use Enterprise Architecture (EA) as a business strategy. EA is the organizing structure for business processes and IT infrastructure. Top performing organizations know how to design their business processes and IT infrastructure for success of their current operations, and the most successful companies know how to expand their EA to enable innovation and to seize a competitive advantage for the future. This course will introduce students to how EA is used as a business strategy and a business enabler. A final research project will include design thinking methods and the use of SAP enterprise system tools to extend an organization's EA.

Course Learning Objectives

- Describe Enterprise Systems and Business Process Integration.
- Develop Business Process Flow Diagrams.
- Describe the structure and components of an Enterprise Architecture.
- Develop an Enterprise Architecture Model.
- Develop a plan to implement an Enterprise Architecture.
- Describe how businesses can use Enterprise Architecture as a business strategy.
- Use Designing Thinking Methodology to develop an Enterprise Business Application.

Course Approach

Course materials will give you multiple ways to learn the material presented in this course. The assigned readings will provide one source of information. Lectures in class and online recordings will be based on, and extend, the material in assigned readings. Assignments and projects give you an opportunity to learn about Enterprise Architecture using a hands-on approach. You must attend all in-class days. There is a substantial amount of group work, and if you do not attend the required in class days, you could lose points on your part of the group project. You should take the opportunity to apply course material in assignments. The instructor will be available at during office and scheduled class times to assist you. Learning how to design, implement, and extend an Enterprise Architecture is not something that you can do in a few hours but they take a significant amount of time. This is not a course that you can easily get "A"; you'll earn it by hard work and dedication.

Course Evaluation

- Final Exam
 - Final Exam will be IN-CLASS closed book exam (approximately 10 essay questions), includes all the materials covered in the course: EA3 book, ERP Readings, Design Thinking, ERPsim Logistics.
 - In case of emergencies, request for a makeup exam must occur by email no later than 24 hours after the exam start time. All requests for a makeup exam requires DOCUMENTED PROOF.
- Assignments
 - All assignments are individual work expect for the group projects.
 - All the assignment submissions are made in “Assignments” (dropbox) on CourseDen. Be sure to check the course schedule for due dates.
 - Late assignments are accepted only up to ONE DAY LATER WITH A 20% PENALTY.
 - Assignments not turned in by 11:59 PM the day after the due date will be marked MISSED and will not receive any credit. No additions or corrections will be accepted after the due date.
- All grades must be reviewed within two days after grades are posted.
- Your participation will be evaluated based on your multiple criteria including participation in design thinking team project, ERPsim Logistics game, your individual ERPsim role assignments, and your team members’ evaluation.

Grading Policy

The course grade will be determined by the following components.

EA Readings 1 and 2	20%
Design Thinking Case Group Project	10%
ERPsim Logistics BI Group Project	30%
Final Exam	30%
Participation	10%
OpenSAP Certificate	Bonus
<u>Registration to ERPsim</u>	<u>-10%*</u>
Total	100%

*If you do not register for ERPsim, you will lose 10% of your final grade and will not be able to participate in ERPsim project.

Grading scale (Percentage)

- A: 90% and above
- B: 80 – 89.99%
- C: 70 – 79.99%

ACADEMIC SUPPORT

Accessibility Services: Students with a documented disability may work with UWG Accessibility Services to receive essential services specific to their disability. All entitlements to accommodations are based on documentation and USG Board of Regents standards. If a student needs course adaptations or accommodations because of a disability or chronic illness, or if he/she needs to make special arrangements in case the building must be evacuated, the student should notify his/her instructor in writing and provide a copy of his/her Student Accommodations Report (SAR), which is available only from Accessibility Services. Faculty cannot offer accommodations without timely receipt of the SAR; further, no retroactive accommodations will be given. For more information, please contact [Accessibility Services](#).

Center for Academic Success: The [Center for Academic Success](#) provides services, programs, and opportunities to help all undergraduate students succeed academically. For more information, contact them: 678-839-6280 or cas@westga.edu

University Writing Center: The [University Writing Center](#) assists students with all areas of the writing process. For more information, contact them: 678-839-6513 or writing@westga.edu

ONLINE COURSES

UWG takes students' privacy concerns seriously: technology-enhanced and partially and fully online courses use sites and entities beyond UWG and students have the right to know the privacy policies of these entities. For more information on privacy and accessibility for the most commonly used sites, as well as technology requirements visit the [UWG Online](#) site.

Students enrolled in online courses can find answers to many of their questions in the [Online/Off-Campus Student Guide](#).

If a student is experiencing distress and needs help, please see the resources available at the [UWG Cares](#) site. [Online counseling](#) is also available for online students.

HONOR CODE

At the University of West Georgia, we believe that academic and personal integrity are based upon honesty, trust, fairness, respect, and responsibility. Students at West Georgia assume responsibility for upholding the honor code. West Georgia students pledge to refrain from engaging in acts that do not maintain academic and personal integrity. These include, but are not limited to, plagiarism, cheating, fabrication, aid of academic dishonesty, lying, bribery or threats, and stealing.

The University of West Georgia maintains and monitors a confidential Academic Dishonesty Tracking System. This database collects and reports patterns of repeated student violations across all the Colleges, the Ingram Library, and the School of Nursing. Each incidence of academic dishonesty is subject to review and consideration by the instructor, and is subject to a range of academic penalties including, but not limited to, failing the assignment and/or failing the course. Student conduct sanctions range from verbal warning to suspension or expulsion depending on the magnitude of the offense and/or number of offenses. The incident becomes part of the student's conduct record at UWG.

Additionally, the student is responsible for safeguarding his/her computer account. The student's account and network connection are for his/her individual use. A computer account is to be used only by the person to whom it has been issued. The student is responsible for all actions originating through his/her account or network connection. Students must not impersonate others or misrepresent or conceal their identities in

electronic messages and actions. For more information on the University of West Georgia Honor Code, please see the [Student Handbook](#).

UWG EMAIL POLICY

University of West Georgia students are provided a MyUWG e-mail account. The University considers this account to be an official means of communication between the University and the student. The purpose of the official use of the student e-mail account is to provide an effective means of communicating important university related information to UWG students in a timely manner. It is the student's responsibility to check his or her email.

CREDIT HOUR POLICY

The University of West Georgia grants one semester hour of credit for work equivalent to a minimum of one hour (50 minutes) of in-class or other direct faculty instruction AND two hours of student work outside of class per week for approximately fifteen weeks. For each course, the course syllabus will document the amount of in-class (or other direct faculty instruction) and out-of-class work required to earn the credit hour(s) assigned to the course. Out-of-class work will include all forms of credit-bearing activity, including but not limited to assignments, readings, observations, and musical practice. Where available, the university grants academic credit for students who verify via competency-based testing, that they have accomplished the learning outcomes associated with a course that would normally meet the requirements outlined above (e.g. AP credit, CLEP, and departmental exams).
