Course Information: This class is fully online. You will find videos, readings, tutorials and quizzes in CourseDen (D2L).

Course Description: In this course we study basic statistics concepts and emphasize their applications to business environments. The various topics include methods of presenting data, probability theory and distribution, central tendency and dispersion measures, hypothesis testing, and linear regression.

Prerequisites: MAT111 or MATH 1113, CISM 2201 and a 2.0 minimum GPA. You also need to have access to a computer and you must have access to the internet.

Textbook: There is no required textbook for this class. Any statistics textbook will have the material we will cover. There is even a free textbook in Openstax college that works fine:

Course Objectives and Learning Outcomes: The overall goal of this course is to give students a more comprehensive overview of the U.S. and the global economy. To this end, upon completion of the course you should be able to:

(1) Construct and interpret tabular and graphical methods of presenting qualitative and quantitative data. (LG2, LG3, LG10)

(2) Construct and interpret summary numerical measures of location, variability, and association for the sample and the population. (LG2, LG3, LG10)

(3) Apply basic probability concepts, expected value, and variance to a variety of business applications (LG2, LG6, LG10)
(4) Use discrete and continuous probability distributions and sampling distributions in a variety of business applications (LG2, LG3, LG6, LG10)

(5) Construct and interpret interval estimates and hypothesis tests (LG2)

(6) Estimate regression models, evaluate the results of regression models, and use the results for prediction and forecasting (LG2, LG3, LG6, LG10)

(7) Use Microsoft Excel to generate descriptive statistics and perform regression and correlation analysis (LG2, LG3, LG6, LG10)

Note: A complete list of expected learning goals (LG) for the Economics Department can be found at the department web site (http://www.westga.edu/econ/index_12904.php).

Attendance Policy: You to login to D2L every day, and complete all assignments within the assigned deadline.

Grading:

We will have ten multiple choice quizzes and one final, cumulative exam. All will be delivered online.

Time runs continuously, even you leave the quiz and come back later. You get two attempts at the quizzes but only the highest score counts. The quizzes are due on the following dates and times:

Syllabus quiz: due by 11:00 AM on Monday, May 15. (Worth 0% but required to access all course materials and quizzes).

Quiz # 1: due by 11:00 AM on Monday, May 15. (Worth 8% of your grade)
Quiz # 2: due by 11:00 AM on Tuesday, May 16. (Worth 8% of your grade)
Quiz # 3: due by 11:00 AM on Wednesday, May 17. (Worth 8% of your grade)

**Academic Integrity:** At the University of West Georgia, we believe that academic and personal integrity are based upon honesty, trust, fairness, respect, and responsibility. Students at West Georgia assume responsibility for upholding the honor code. West Georgia students pledge to refrain from engaging in acts that do not maintain academic and personal integrity. These include, but are not limited to, plagiarism, cheating, fabrication, aid of academic dishonesty, lying, bribery or threats, and stealing.

The University of West Georgia maintains and monitors a confidential Academic Dishonesty Tracking System. This database collects and reports patterns of repeated student violations across all the Colleges, the Ingram Library, and the School of Nursing. Each incidence of academic dishonesty is subject to review and consideration by the instructor, and is subject to a range of academic penalties including, but not limited to, failing the assignment and/or failing the course. Student conduct sanctions range from verbal warning to suspension or expulsion depending on the magnitude of the offense and/or number of offenses. The incident becomes part of the student’s conduct record at UWG.

Additionally, the student is responsible for safeguarding his/her computer account. The student’s account and network connection are for his/her individual use. A computer account is to be used only by the person to whom it has been issued. The student is responsible for all actions originating through his/her account or network connection. Students must not impersonate others or misrepresent or conceal their identities in electronic messages and actions.
Academic dishonesty as described by the Honor Code will not be tolerated. Any such actions will result in a score of zero on the associated assignment(s) and/or dismissal from the course with a grade of F.

**Affirmative Action:** University of West Georgia adheres to affirmative action policies to promote diversity and equal opportunity for all faculty and students.

**Americans with Disabilities Act:** Students with a documented disability may work with UWG Accessibility Services to receive essential services specific to their disability.
