- Students should gain an understanding of cost-benefit analysis and its use in public sector decision making (LG6, LG8).
- Students will learn about the economic effects of various government programs including income assistance for the poor, social security, public education and health care (LG6, LG8).
- Students will gain a basic understanding of current government taxation and spending policies and their impact on economic efficiency and the distribution of income (LG6, LG8).

Note: A complete list of expected learning goals (LG) for the Economics Department can be found at the department web site (http://www.westga.edu/econ/index_12904.php)
SEATING ASSIGNMENTS:

Students will be asked to fill out a seating chart on the third day of class (January 15) based on the seat that they have chosen for that day. Students will be asked to sit in the same seat every class period following.

ASSESSMENT:

You will be graded based on your performance on three tests, a final exam, homework, quizzes, class participation, and a public finance issues paper as described below. Extra credit is not an option in this course.

Tests and Final Exam – There will be three tests and a final exam. The tests will be a combination of multiple choice questions and discussion/short answer problems. The questions will be based on reading assignments (both the textbook and any assigned articles), lectures, homework, and class discussions. The final exam will be comprehensive and will consist of multiple choice questions. The lowest exam grade will be dropped. Each exam is worth 20% of your grade. You are responsible for bringing scantron sheets (Form 882-ES) and a No. 2 pencil for each exam.

Examination Schedule:

Exam #1 – February 7
Exam #2 – March 14
Exam #3 – April 18
Comprehensive Final Exam - Tuesday, April 23, 11:00am-1:00pm

Class Participation – Students are expected to be prepared for class and to participate in class discussions. It is also expected that students will arrive on time and not leave early. Class participation will determine 3% of your final grade.

Although class attendance and participation are essential to success in the class, the professor will not drop students from the class due to nonattendance. Students who wish to withdraw from the class, must do so by contacting the registrar’s office directly. The last day to withdraw with a grade of W is March 4.

Homework – Homework will be assigned throughout the semester (usually in CourseDen). Homework will determine 5% of your grade. Homework will not be accepted late – NO EXCEPTIONS. The lowest homework grade will be dropped. To access CourseDen please go to http://westga.view.usg.edu.

Quizzes – There will be approximately 4 in-class quizzes during the course of the semester. The dates of the quizzes and the material to be covered will be announced one week before the quiz. Quizzes will be worth 15% of your final grade. The lowest quiz grade will be dropped.

Current Public Finance Issue Paper – Each student will select a current public finance issue to research and analyze. The paper should contain a description of the issues surrounding the topic and
an economic analysis of those issues using some of the tools developed in the class. All students should meet with the professor to discuss their plan for the paper no later than February 12. The topic and typed outline for the paper are due on March 7. The final paper should be 10-11 double-space typed pages and is due in class on April 4. The student is expected to consult at least 6 sources in researching their issue and should be careful to properly reference all the sources of their information and attach a bibliography. Two sources may be business news publications such as Business Week, Economist, or the Wall Street Journal. The other four sources must be professional journals or other sources (for example, the Economic Report of the President, publications by the Federal Reserve, U.S. Treasury, etc.) The textbook does not count as one of the required sources. The paper is worth 17% of your final grade and will not be accepted late. The paper must be original for this class – a paper written for another class is not acceptable.

**Makeup Tests** – Students who miss one test (regardless of the reason) will be required to take the final exam. Students who miss two tests will only be allowed to makeup the second missed test in the case of a documented medical emergency. Students should contact the professor as soon as possible after missing the test to make arrangements for a makeup test. **Students who do not contact the professor within one week of missing a test will not be allowed to makeup the test.**

Cheating and plagiarism are violations of the University’s Honor Code. The penalty for academic dishonesty may include an F in the class.
