Quizzes/Homework: Quizzes will be given for 10 minutes at the beginning of class. Usually 1-4 problems like homework problems. Quizzes CANNOT be made up if missed. Each quiz is a total of 10 points with bonuses given at various times. Homework will be graded several times during the semester and will be worth 10 points. Only 10 of the homework problems will be graded. From eight to eleven quizzes or homeworks will be graded throughout the semester. 10 points less than the possible homework/quiz total will be used for the calculation of the quiz average (which is a percentage).

Missed Tests: Make-up tests will be given at the discretion of the teacher. For consideration of a make-up test, documentation (doctor’s excuse, etc.) must be presented immediately upon returning to class. Make-up tests will be given outside of class hours and will be administered the week of finals.

Final: Departmental final. If the final’s percentage is greater than any of the four 100-point tests or quiz final average, the one lowest of these may be replaced with the final’s percentage.
Absences: Students are expected to attend class. Students who have no absences and no tardies will be rewarded with 2 points to the total average at the end of the semester. Four tardies equal one absence. Students who leave class before dismissal by the instructor are given a tardy. (This includes students who return to class.) Any student who misses more than 5 days for any reason will receive an F for the class.

Cell Phones: Students are not allowed to use cell phones during class for any reason. Students using a cell phone during class will be given a tardy.
