Instructor: Dr. N. S. Hoang  
Email: nhoang@westga.edu  
Office: Boyd 324  
Office phone: 678-839-5336.

Course Description: This course is a functional approach to algebra that incorporates the use of technology. Emphasis will be placed on the study of functions, and their graphs, inequalities, and linear, quadratic, piece-wise defined, polynomial, rational, exponential and logarithmic functions. Appropriate applications will be included.

Grading: Grades are based on a total of 750 pts given as follows

<table>
<thead>
<tr>
<th></th>
<th>Total</th>
<th>Quiz</th>
<th>Homework</th>
<th>Exam 1</th>
<th>Exam 2</th>
<th>Exam 3</th>
<th>Final Exam</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>750 pts</td>
<td>50 pts</td>
<td>200 pts</td>
<td>100 pts</td>
<td>100 pts</td>
<td>100 pts</td>
<td>200 pts</td>
</tr>
</tbody>
</table>

Grading scale: A: 90–100%; B:80–89%; C:70–79%; D:60–69%; F:0–59%.

Required equipment: An access to Mymathlab is required for the course. A hard copy of the book is NOT required.

Course ID: hoang52433

Exams: There are three online midterm exams and one final exam. The final exam has two versions: online and on campus and you can take either of them. The on campus version is a paper exam and is scheduled on Thursday July 23th from 9:00 AM–11:00 AM on UWG Carrollton campus and is a comprehensive exam. Exam room is to be announced.

Homework and Quiz: Homework assignments and quizzes are assigned on Mymathlab website.

Common Language for Course Syllabi: Students, please carefully review the following information at the link http://tinyurl.com/UWGSyllabusPolicies. It contains important material pertaining to your rights and responsibilities in this class. Because these statements are updated as federal, state, university, and accreditation standards change, you should review the information each semester.

Withdrawal Policy: The last day for an automatic W withdrawal is: June 25th. For more information about withdrawal policy, please read the information at the link http://www.westga.edu/registrar/465.php

Make-Up Work: There are NO make-up grades for midterm and final exams. A penalty of 10% of the total points per day will be applied for late homework assignment submissions.

Learning Outcomes: The student will be able:

- An understanding of the equations of circles and lines
- An understanding of functions and how to graph functions
- An understanding of operations on functions including function composition
- An understanding of polynomial graphs, including intercepts and end-behavior
- An understanding of how to find the zeros of a polynomial and how to factor polynomials
- An understanding of inverse functions and how to find them graphically and algebraically
- An understanding of the properties of exponential and logarithmic equations
- An understanding of how to solve exponential and logarithmic equations
- An understanding of how to solve a system of equations
