REQUIRED COURSE MATERIALS
Binder and notebook paper: students are required to purchase a binder with notebook paper for taking notes. Students must bring their notes with them to each lecture.

Calculator: students are required to purchase a calculator. TI-89 and equivalent calculators are not permitted.

*Optional - ALEKS: Students may purchase the ALEKs 360 access code for additional homework practice. This is not required, but recommended for additional homework practice. Go to www.aleks.com to purchase an ALEKs 360 18 week access code.

The ALEKs course code for this section is: RVPEK-VHET9

Courses Description
This course is designed to prepare students for calculus, physics and related technical subjects. Topics include an intensive study of algebraic and transcendental functions.

Learning Outcomes
Students should be able to demonstrate:
1. An understanding of functions and how to graph functions
2. An understanding of operations on functions including function composition
3. An understanding of types of functions.
4. An understanding of rational functions and their graphs, including intercepts and asymptotes
5. An understanding of how to find the zeros of a polynomial and how to factor polynomials
6. An understanding of inverse functions and how to find them graphically and algebraically
7. An understanding of the properties of exponential and logarithmic equations
8. An understanding of how to solve exponential and logarithmic equations
9. An understanding of how to solve systems of equations
10. An understanding of how to find the values of the trigonometric functions from right triangles and circles
11. An understanding of how to graph the trigonometric functions
12. An understanding of how to prove trigonometric identities
13. An understanding of how to use the sum, difference, double-angle and half-angle formulas for sine and cosine
14. An understanding of how to solve triangle using the law of sines and law of cosines
15. An understanding of polar coordinates and graphs
16. An understanding of how to analyze and solve applied problems

**COURSE ASSESSMENT**

Students’ mastery of course learning outcomes will be assessed using the following methods:

1) **EXAMS**: You will be given 4 in-class exams during the semester. Each exam will be worth 100 points.

   **An exam can be taken up to 5 days late (including weekends). The student will incur an automatic 20 point deduction on their exam grade if they take the test late.**

   If a test is scheduled for Monday and a student misses, they must take the exam by Friday. If a test is scheduled for Wednesday, and a student misses, they must take the exam by Monday. If a test is scheduled for Friday and a student misses, they must take the exam by the following Wednesday.

   *To take an exam late, the student must contact the teacher within 2 days of the exam and schedule the exam during office hours only. The student will not be given extra time to complete the exam.*

   **A student’s Final Exam grade will replace their lowest exam grade.**

2) **Class Participation**: Students will be given assignments in class. The student must be in attendance during the assignment to receive credit. If the student arrives late to class and misses the assignment, they cannot make it up. If a student leaves class early and misses an assignment, they cannot make it up. If a student misses class altogether, they cannot make up the assignment. Students will not be given prior knowledge of when the class participation assignment will be given. If a student has an excused absence, they will have to follow these policies.

   *The lowest 3 class participation assignments will be dropped at the end of the semester.*

3) **FINAL**: Students will have a comprehensive final exam. Students are required to take the final exam on their scheduled day.

   **The final exam schedule is found in the SCOOP. A student must take their final exam during their scheduled time, unless they receive prior instructor approval.**

   **A student’s final exam grade will replace the lowest test grade, if higher.**

4) **STUDENT-TEACHER MEETING**: The student is required to meet with the instructor twice during the semester. The instructor will contact the student via their westga student email by 2/28 to schedule the first appointment. The student must respond to the initial teacher email within 2 weeks to schedule an appointment. If a student fails to make their appointment time, they can reschedule once. If they fail to make the appointment a second time, they will receive a 0% for the grade.

   **If there is any issue with a student receiving an initial email, it is the student’s responsibility to contact the instructor no later than 2/28 to schedule an appointment.**
OTHER COURSE INFORMATION

1) **Homework:** Homework will be given but not assigned for a grade. Homework is for practice only but is very important in retaining information. Homework can be found in CourseDen under **Content**.

   *You may purchase ALEKs for additional homework practice. Additional homework practice can be found under “assignments” in ALEKs.

2) **Extra Credit:** Extra credit is a privilege in this class. If a student is dishonest or disrespectful to their tutor/peers within a session, this privilege can be taken away at instructor discretion. Extra credit will be offered in this class via:

   i) **Supplemental Instruction:** You must attend 50 minutes of a 1 hour session with our SI leader for 1 bonus point.

   ii) **Tutoring:** You must attend 1 hour of tutoring in the Center for Academic Success for 1 bonus point.

      *You must submit a CAS verification card for tutoring.

   iii) **Intervention Tutoring:** You can attend a 1 hour intervention tutoring session for 1 bonus point. You must sign up with the instructor and commit to certain tutoring policies to be eligible to attend.

   iv) **Math Tutoring Center – Boyd 205:** 1 hour of attendance at the MTC will yield 0.5 bonus points.

      *You can acquire up to 10 bonus points at the MTC.

      *You must keep up with your attendance using the attendance form AND you must **sign into the MTC when you arrive – sign out when you leave.** You will not receive bonus points if you did not sign in at the MTC.

      *While at the MTC, you must actively work on math content to receive bonus.

   **You may receive a maximum of 20 bonus points during the semester to go toward your exam grade. The dates for eligibility will be January 15 – April 20.**

3) **Miscellaneous**

   *Students are expected to come to class and be “present”. **Cell phone/laptop use in class is not permitted** (unless you have prior approval from the instructor)

   *If a student is absent from class, it is their responsibility to catch-up on any missed material. Students will not be permitted to have a copy of the instructor’s notes. If a student is absent from class, contact the instructor via email for any announcements and topics covered.

ASSESSMENT GRADING

90% - 100%: A
80% - 89%: B
70% - 79%: C
60% - 69%: D
<60%: F

COURSE POLICIES AND INFORMATION
University Policies and Academic Support
Please carefully review the following Common Language for all university course syllabi at the link:

https://www.westga.edu/administration/vpaa/assets/docs/faculty-resources/common_language_for_course_syllabi_v2.pdf

It contains important material pertaining to university policies and responsibilities. Because these statements are updated as federal, state, university, and accreditation standards change, you should review the information each semester.

For important policy information, i.e., the UWG Honor Code, Email, and Credit Hour policies, as well as information on Academic Support and Online Courses, please review the information found in the Common Language for Course Syllabi documentation at http://www.westga.edu/assetsDept/vpaa/Common_Language_for_Course_Syllabi.pdf.

Academic Honesty
Any form of academic dishonesty will result in a failing grade for the assignment for the first offense (students will not be able to replace this grade). A second offense will result in a failing grade for the course. All forms of academic dishonesty will be reported.
Definitions of academic dishonesty are defined in the student handbook: www.westga.edu/handbook/

Disabilities Act/Accessibility for the Course
If you are a student whom is disabled as defined under the Americans with Disabilities Act and require assistance or support services, please notify me and provide me with a copy of your packet from Student Services. The university will provide you with resources for any audio/visual needs that you may have with the learning management system or course content. Please contact UWG Accessibility Services for more information.

Student Conduct
Students are expected to abide by the guidelines detailed in the university catalog. Respect and courtesy are required of all students while in the classroom. The following is also mandatory:

1) Cell phones and laptops will not be permitted in class, unless prior arrangements have been made with the instructor (emergencies, disabilities, etc). Continued use of cell phones/laptops will result in your dismissal of class.
2) Students are required to be courteous to others and the instructor. If a student is being disrespectful or disruptive, they will be asked to leave.

**IMPORTANT NOTE**
I reserve the right to modify this syllabus at any time during the course of the term. If such a modification is substantial, I will reissue a revised syllabus and announce the change in class.

The final exam schedule can be found on the SCOOP at www.westga.edu.
