WOLF PACT

Protecting the integrity of a degree from the Richards College of Business at the University of West Georgia is the responsibility of the administration, faculty, staff, and students of the college. Our mission is “To become a globally recognized college of business preparing forward-thinking, responsible leaders.” Responsible leaders are ethical leaders, and this behavior begins in the classroom. One of our Strategic Goals is to demonstrate “…commitment to the principles of honesty and integrity in interactions and undertakings, [and] accountability for personal behavior…”. As such, we have developed the Wolf Pact in an effort to promote and maintain the highest standards of integrity, professional behavior, ethical actions, and personal conduct.

The purpose of this pact is to maintain that a degree from the Richards College of Business at the University of West Georgia is held in high regard by all internal and external constituents, and that a degree from the University of West Georgia is as meaningful in the future as it is today.

I have reviewed the information in this syllabus, and I agree to abide by the policies stated. I will conduct myself in accordance with the RCOB Wolf Pact to protect the integrity of my degree and all those others who receive a degree from the Richards College.

COURSE INFORMATION

Introduction

Welcome to Principles of Marketing Online! This is an asynchronous- 100% online course. If you registered by mistake, please go see your advisor immediately!

You also need to review the course schedule (Module Due Dates) and make note of the important deadlines for assignments and exams.
Online classes are great in that they allow you to work on them at your convenience, which is especially helpful to those who have busy work schedules and family lives. Sometimes, however, students will take an online class assuming that it will be “easier.” You will not find that to be true for this class.

In a traditional (in-class) class, students have the option of taking a passive approach to learning, simply going to class and listening to lectures (receiving the information). In an online class, though, students must actively take it upon themselves to learn. They must take the initiative to read the material and do the assignments without any outside encouragement.

In a traditional class, you are expected to spend at 3 hours per week IN class and another 6 hours per week outside of class (total of 9 hours per week per course). The same amount of time is expected of you in an online class, which many students fail to realize. (For example, if you spend an hour scanning the material and thirty minutes completing the graded assignment that is due on a particular day, you probably will not receive a very good grade on that assignment.)

If you are willing to take this class just as seriously as you would a traditional class and you are organized and self-directed, you will absolutely do well in this class. If you are not sure, please read this syllabus carefully and decide for yourself whether you would rather take a traditional class or remain with the online version. This is an asynchronous, 100% online- so if you have signed up for the wrong section, please see your advisor immediately! Please adhere to deadlines and due dates.

- Unfortunately, when taking an online class, **you must assume that some technical problems will occur, and plan accordingly when possible**. (E.g., you should not wait until 9:00 PM to start a quiz; don't put off an assignment until the day it's due; do not purposely skip a quiz thinking that it may get dropped grade; etc.)

**SCHEDULED COURSEDEN MAINTENANCE**

Please **PAY ATTENTION** to the scheduled maintenance days/times that are performed on a regular basis. *(For example, CourseDen undergoes scheduled maintenance every other Friday starting at 10:00pm.)* **You need to avoid taking quizzes, turning in assignments, etc. anywhere near the scheduled maintenance times or else your work could be lost!**

The scheduled maintenance calendar can be found by clicking "Maintenance Schedule" at the TOP of the page.

- You should also note that CourseDen can be accessed directly (via [Direct CourseDen Link](#)) in the case that the MyUWG portal is down. (Save it to your favorites/bookmarks.)

- Bookmark your CONNECT log-in as well!

Please review the following information at this [link](#). It contains important material pertaining to your rights and responsibilities in this class. Because these statements are updated as federal, state, university, and accreditation standards change, you should review the information each semester.

**COURSE FORMAT AND ASSIGNMENTS**

- This course consists of reading assignments, hands-on written assignments, and quizzes, which are presented to you in **Modules** in CONNECT and the content browser within CourseDen. Three quizzes are found directly in CourseDen. This is noted on the schedule of due dates.
• Modules are due on their due date. Modules will not be reopened. Extensions are only granted on a limited case by case basis and would need to be discussed with me prior to the due date.
• The Modules in Connect correspond with the Modules in CourseDen. In the Connect Modules, you'll need to complete- LearnSmart, Homework/Assignments and Quizzes:

A LearnSmart (aka SmartBook) activity:
• In these, you’re expected to read through the chapter highlights (and/or the entire chapter) and then proceed to the “Practice” area where you’ll answer questions about the material. You are NOT penalized for wrong answers! You can answer as many questions as it takes until you make a 100%. In other words, you have no excuse not to have a perfect 100% on these. (Watch this video for a quick tutorial on using the SmartBook and Connect: SmartBook and Connect Tutorial and/or look over the PDF for information.

Homework/Assignments:
• You may have a drag-and-drop activity, a video case with questions, a quiz, and/or some other combination of assignments. (Be sure to watch the video in the bullet point above for help with navigating the Connect assignments.).
• Homework assignments may be taken twice- where the highest grade will count.
• All assignments are due by 11:59 p.m. (Eastern Time) on the due date for the module they are in. Refer to the course schedule for easy reference. If an assignment is not turned in by 11:59 p.m. on its due date, it will not be accepted under any circumstances and you will receive a zero. There are no exceptions to this rule.

Final Grade Calculation:
All assignments will be weighted according to the following scheme in the calculation of your final grade:

- Wolf Pact/Verification Quiz- 2%
- Learnsmart Reading- 5%
- Homework/Assignments- 58%
- Quizzes - 35%

Grading:
- A = 90.0% or more
- B = 80.0% to 89.9%
- C = 70.0% to 79.9%
- D = 60.0% to 69.9%
- F = 59.9% or below

You ARE ALLOWED to complete any assignments EARLY if you desire to do so. In fact, you’re encouraged to complete assignments as early as you can, as late assignments are not accepted.

I encourage you to be responsible for yourself and keep a spreadsheet with your grades and what each assignment/quiz/exam is worth so that you’ll know what your grade is – and what you need to make on various assignments to get your desired grade – throughout the semester.
I am unable to respond to all students asking what they need to make on a particular assignment to get an A (or B, etc.) in the class.

And finally...

This will be a busy summer semester, but if you do the reading, keep up with the work, and let me know if/when you have questions about the material, you will do well and learn a great deal about marketing!

Note: CourseDen undergoes scheduled maintenance every other Friday starting at 10:00pm; see "Scheduled CourseDen Maintenance" section of syllabus for more info.

UNIVERSITY-WIDE SYLLABUS INFORMATION:

- Please review the “Common Language for Course Syllabi” for university-wide updates. Even if you have read it before, the most current information is maintained at this site.

Academic Honesty and ADA Statement

- **Academic Honesty**: Students are expected to recognize and uphold standards of intellectual and academic integrity. UWG, the RCOB and the Department of Marketing and Real Estate assume as a basic and minimum standard of conduct in academic matters that students be honest and that they present for credit only the results of their own efforts. You are expected to work on ALL assignments individually; an act of academic dishonesty will result in a grade of zero for the assignment/assessment and is grounds for dismissal from the College of Business.

Americans with Disabilities Act

- The Office of Disability Services will help you understand your rights and responsibilities under the Americans with Disabilities Act and provide you further assistance with requesting and arranging accommodations.
- If you need course adaptations or accommodations because of a disability or chronic illness please notify your instructor using the course email system by the end of the second full week of class and attach a PDF copy of your SAR (Available from the Office of Accessibility Services).
