WOLF PACT

Protecting the integrity of a degree from the Richards College of Business at the University of West Georgia is the responsibility of the administration, faculty, staff, and students of the college. Our mission is “To become a globally recognized college of business preparing forward-thinking, responsible leaders.” Responsible leaders are ethical leaders, and this behavior begins in the classroom. One of our Strategic Goals is to demonstrate “…commitment to the principles of honesty and integrity in interactions and undertakings, [and] accountability for personal behavior...”. As such, we have developed the Wolf Pact in an effort to promote and maintain the highest standards of integrity, professional behavior, ethical actions, and personal conduct.

The purpose of this pact is to maintain that a degree from the Richards College of Business at the University of West Georgia is held in high regard by all internal and external constituents, and that a degree from the University of West Georgia is as meaningful in the future as it is today.

I have reviewed the information in this syllabus, and I agree to abide by the policies stated. I will conduct myself in accordance with the RCOB Wolf Pact to protect the integrity of my degree and all those others who receive a degree from the Richards College.

Please communicate any problems you have. If you need special accommodations, please make sure that you inform me about your situation prior to the beginning of the course or as soon as the need for my assistance arises. Submit any relevant documentation to “Special accommodations and excused absences” in “About the Course” folder on CourseDen and e-mail the professor via the CourseDen messaging tool.
Before contacting the professor, consider whether the answer to your question would benefit other students in the class. If so, please post your question to the Q&A Forum. For details, please visit:
If your question relates to your individual situation, please communicate via e-mailing tool on CourseDen. Please make sure that the subject line specifies what your e-mail is about:

**Like this:** Assignment #2. **Not like this:** Question.

**E-mail format**

To make sure that your questions are answered promptly and accurately, please follow the format outlined below. Your professor will not answer messages that do not follow this format.

Other

WHAT ELSE DO I NEED TO KNOW BEFORE TAKING THIS COURSE

Basic Technical Skills Required
To successfully complete the course, you need to have the following technical skills:
- Navigating CourseDen.
- Communicating via CourseDen email tool.
- Using CourseDen discussion board.
- Taking quizzes on CourseDen.
- Uploading assignments to CourseDen submission folders.
- Using a Web browser such as, e.g., Mozilla Firefox.
- Very good command of office applications, e.g., Microsoft Office (Word, PowerPoint, Excel).
- Converting documents into PDF files. Combining documents into one file.
- Ability to google information and use it to solve basic technical problems.

Reading the Syllabus
Please read the syllabus at the beginning of the semester. When you are informed about the course requirements, you can plan your time to achieve the best result possible. As this syllabus provides you with a summary of the course of study, examination requirements, and schedule, please consult it before writing an e-mail to your professor or posting to the Q&A forum.
You will also take Syllabus Quiz, and at the beginning of the course.

Deadline
Deadline is defined as:
\( a \): a date or time before which something must be done
\( b \): the time after which copy is not accepted for a particular issue of a publication
(Merriam-Webster Dictionary)
Late submissions will not be accepted.

Planning
This is a content-rich course and successfully completing it will require self-discipline and planning. That is why you are informed of all the deadlines and assignments at the very beginning of the course.
Please see COURSE SCHEDULE for deadlines and mark them in your calendar.

What Result Is Not
Hard work does not guarantee that your result is achieved. For instance, telling a professor that you worked very hard on the project does not mean that the result you achieved meets the criteria for an A grade.
NO RESULT + EXCUSE ≠ RESULT
When you are late, having a good excuse does not turn back the clock and make you be on time. Likewise, not delivering what is expected of you and having an excuse does not make a result magically appear.

**Taking Notes**

Whether you are taking an in-class class or an online class, it is important to take notes both when you listen to a lecture, watch a video posted on CourseDen, or read your textbook, lecture slides, and articles. Taking notes is a very important skill that is necessary in your future career. Here you can find an interesting guide on how to take notes from your textbook: [Taking notes](#).

**Honor Code**

By submitting any of the assignments and online quizzes, you agree with the following statement: "I pledge on my honor that I have not given or received any unauthorized assistance on this assignment/examination."

You also acknowledge that you were made aware that if your submission turns out to be plagiarism, or does not adhere to the UWG Honor Code in any other way, **you will receive 0 points for this assignment and a failing grade for the entire course.**

In case of group assignments, you are made aware that even if your group member and not you personally plagiarized a part of the assignment, you and all group members are going to be held accountable – **every group member will receive 0 points for this assignment and a failing grade for the entire course.**

**OTHER RULES AND POLICIES**

**Netiquette**

Please show respect, courtesy, and professionalism toward your classmates in all communication.

Use spell check before posting to the discussion forums or when you write e-mails.

Be respectful of others’ views and opinions.

Express your views even when your point of view contrasts the majority view presented.

Think and edit before you click “Submit”.

Be aware that sometimes humor can be misinterpreted as being sarcastic (online discussions provide a limited possibility for reading your body language/facial expression).

Don’t use ALL CAPITAL LETTERS as this is considered “shouting”.

Avoid using acronyms.

Do not dominate any discussion. Give your colleagues the space to join the discussion.

Avoid using slang language.

**ACADEMIC HONESTY POLICY**

You must adhere to the Academic Honesty Policy:

Lying, cheating, stealing, or engaging in plagiarism in pursuit of one’s studies is a violation of academic honesty policy at UWG and will not be tolerated (Please read the university’s catalog for the official statement on academic integrity and plagiarism). Students are responsible for understanding plagiarism.
In general, plagiarism is defined as the use of intellectual material produced by another person without acknowledging its source. The following are some examples of what is considered plagiarism:

* Copying of passages from works of others into an assignment, paper, discussion board posting, without acknowledgment.
* Cutting/pasting information available on the web or online databases.
* Using the views, opinions, or insights of another without acknowledgment.
* Paraphrasing another person's characteristic or original phraseology, metaphor, or other literary device without acknowledgment.

NOTE: Violations of the academic honesty policy may result in expulsion from the University. Being caught cheating during the exam or plagiarizing an assignment results in a failing grade for this course. There are no exceptions to this rule.

***All deadlines are final
While I set all the deadlines on Sunday to accommodate your working schedule, I recommend that you complete all assignments during the week and during business hours (i.e. by Friday 5 p.m.) when ITS is available to resolve any technical issues you may encounter. If you face any problems outside of office hours I will not extend your deadline.
You have access to each quiz for several days before the deadline. Therefore, informing your professor at the time when the quiz is due that you cannot take it because you have no internet connection or had to stay at work does not qualify you for an extension. Please use UWG computer labs to take quizzes. Make sure that everything (e.g., your browser) is working properly before starting the quiz. Make sure that you save your answers regularly. Only technical difficulties of UWG IT system might excuse you if your quiz was not successfully submitted.
*Attendance on quiz days, project consultation days, and presentation day is mandatory.
**There are no make-up quizzes.

IMPORTANT DEFINITIONS (by Google)
