COURSE DESCRIPTION

An introductory, survey, and methods course that provides fundamental skills necessary for teaching physical education and health in the elementary school curriculum. This course is designed for early childhood teachers and includes strategies for teaching health concepts.

CONCEPTUAL FRAMEWORK

The conceptual framework of the College of Education at UWG forms the basis on which programs, courses, experiences, and outcomes are created. With the goal of Preparing Exemplary Practitioners, our programs incorporate ten descriptors (knowledgeable, reflective, inquisitive, decisive, adaptive, proactive, leading, collaborative, culturally sensitive, empathetic), clustered into three interrelated and overlapping themes, that demonstrate our commitment to (a) Professional Excellence; (b) Field-Based Inquiry; and (c) the Betterment of Society. These themes and descriptors are
integral components of the conceptual framework and provide the basis for developing exemplary practitioners who are prepared to improve schools and communities. National and state standards; Association for Childhood Education International (ACEI), the Interstate Teacher Assessment and Support Consortium (INTASC), the American Association for Health, Physical Education, Recreation & Dance (AAHPERD), the National Sexuality Education Standards (NSES), and the Georgia Health and Physical Education Performance Standards (GPS), are also incorporated as criteria against which candidates are measured.

The mission of the College of Education is to provide excellence in the initial and advanced preparation of professionals for a variety of settings, to foster an innovative learning community, and to empower a faculty committed to teaching and the dissemination of knowledge. This course’s objectives, activities, and assignments are related directly to the conceptual framework and national standards, as identified below.

COURSE OBJECTIVES

Students will:

1. Describe the difference among health, physical education, and physical activity programs;

CLASS, DEPARTMENT, AND UNIVERSITY POLICIES
Please carefully review the information at Common Language for Course Syllabi. It contains important information related to your rights and responsibilities in this class. Because these statements are updated as federal, state, university, and accreditation standards change, you should review the information each semester. In addition to the above information the following policies apply to this course.

Academic Honesty: All work completed in this course must be original work developed this semester. Students are expected to adhere to the highest standards of academic honesty. Plagiarism occurs when a student uses or purchases ghostwritten papers. It also occurs when a student utilizes ideas or information obtained from another person without giving credit to that person. If plagiarism or another act of academic dishonesty occurs, it will be dealt with in accordance with the academic misconduct policy as stated in the latest Student Handbook and the Graduate Catalog.

Attendance: Only one absence is allowed. ONE absence may be excused with proper documentation (doctor’s note, university event, funeral program). Additionally, **5 points are deducted from the final course average, per each subsequent absence after one.** Two incidents of leaving class early and/or arriving to class late and/or leaving class excessively constitutes one unexcused absence. Students needing to leave class early need to make the instructor aware of this need prior to the start of class.

The University of West Georgia allows faculty members to drop students who do not contact them or attend the first two class meetings for classes which meet daily (or the first class meeting for classes which meet less frequently). Students who do not intend to remain in a course should drop the course before the end of the official drop/add period. Depending upon an instructor’s policies and the University’s policies, failure to drop a course during the drop/add period will result in a grade of W, WF, or F in courses not attended.

Americans with Disabilities Act: The official UWG policy is contained in the link to the Common Language for Course Syllabi located on the Provost’s website. All students are provided with equal access to classes and materials, regardless of special needs, temporary or permanent disability, special needs related to pregnancy, etc. For more information, please contact Disability Services at the University of West Georgia: [http://www.westga.edu/studentDev/index_8884.php](http://www.westga.edu/studentDev/index_8884.php).

Extra Credit: Any extra credit for this course will be announced by the instructor in advance. Students should not expect or plan on extra credit.

Late Work: All assignments are due on the assigned date. Late assignments (without prior consent of the instructor) will not be accepted. Missed assessments (without prior consent of the instructor) cannot be made up. Reminder: computer failure does occur but is NOT an allowable excuse for missed or late work. It is the responsibility of the student to allow time for possible technology glitches.

Professional Conduct: Students are to follow the professional expectations outlined in the Professionalism/Participation Assignments as well as the COE Professional Disposition Rubric.

Student Email Policy: The official email policy is contained in the link to the Common Language for Course Syllabi located on the Provost’s website. No assignments will be accepted via MyUWG email. Assignments will be either brought hard copy to class or posted in D2L as designated by the instructor.

D2L: Students are responsible for accessing the instructor’s D2L site to print course materials for use in class and as outside enhancement of in-class activities. These materials include but are not limited to the course syllabus and the course content outline. D2L will also be used for on-line quizzes, reading assignments, posting discussion responses, and submitting some assignments. D2L will also be used to post any announcements, disseminate PowerPoint lectures, class cancellations and grades.

COE Writing Expectation and Rubric: Students will write in standard English, defined as using the rules and patterns of English associated with educated citizens. This includes writing with clarity, complexity, and good organization, using prescribed rules for syntax, grammar, usage, and punctuation, and adhering to appropriate formatting (APA).

<tr>
<td>1 = Unacceptable</td>
<td>There is confusion about the topic with absence of support for main ideas; there is little awareness of the intended audience; paper lacks organization; paragraph structure is weak; syntax is garbled (e.g. word choice and order often does not make sense or is confusing); paper contains multiple and serious errors of sentence structure (e.g., run-on sentences, fragments), grammar, spelling, capitalization, and/or punctuation; formatting is not appropriate to the assignment.</td>
</tr>
<tr>
<td>2 = Emerging, Needs Improvement</td>
<td>Ideas are mostly simplistic and unfocused, there is little awareness of the intended audience; paragraphs are mostly stand-alones, with few transitions; the organization, while attempted, is still disjointed; the syntax is weak (e.g., very simplistic word choice and/or sentences that do not make sense); there are several errors in sentence structure (e.g., run-on sentences, fragments), grammar, spelling, capitalization, and/or punctuation; formatting is attempted, but poorly done.</td>
</tr>
<tr>
<td>3 = Proficient</td>
<td>The topic is developed with ideas supported sufficiently; paragraphs are competently structured; there is clear awareness of the intended audience; the organization is competent, without sophistication; the syntax is effective (e.g. with wording and sentences that make clear sense); there is effective and varied sentence structure; the paper contains only occasional errors in grammar, spelling, capitalization, and/or punctuation; there are few formatting errors.</td>

<td>4 = Exemplary</td>
<td>There is in-depth development of the topic with ideas well supported; there is accurate awareness of the audience; paragraphs are well-developed and have effective transitions the organization is appropriate for the assignment; the syntax is rich (e.g., with sophisticated vocabulary); there is variety in sentence style and length, the paper is virtually free of errors in grammar, spelling, capitalization, and/or punctuation; the formatting is appropriate for the assignment.</td>
