Outcomes

Philosophy Program Learning Outcomes

By the end of the course, each student should be able to

- recognize and apply basic patterns of logical reasoning within ethical contexts;
- describe selected theories within meta-ethics and normative ethics, as well as selected arguments for and against those theories;
- describe positions and facts relevant to selected issues within applied ethics (such as abortion, physician-assisted suicide, capital punishment, world poverty, and animal rights);
- summarize the contributions of historically important figures (such as J. S. Mill and Immanuel Kant) to ethical thought;
- discuss the ethical theories and issues explored in the course.

These course-specific learning outcomes contribute to the departmental learning outcomes of the Philosophy Program by enabling students better to

- discuss the views of at least three major historical figures of philosophy.
- critically analyze and explain a philosophical issue in written communications.

Core Curriculum Learning Outcome

This course fulfills Core Area C2, which has the following Learning Outcome: "Students will demonstrate knowledge of the foundational concepts of artistic, intellectual, or literary achievement, adapting written communication to specific purposes and audiences." A late semester learning assessment in this course (the third paper you will write) will require you to communicate your knowledge of some of the specific foundational concepts of philosophy covered in the course. You will do so in writing, in response to a specific prompt, for the purpose of demonstrating that you have understood those foundational concepts.

Late Work

Apart from extraordinary circumstances, there are no deadline extensions for Quizzes—all Quizzes must be completed by the due date, no exceptions.

Each of the three Papers will be accepted up to two days late, but with a 20% grade penalty for each day that it is late. For example, the first Paper is due on Saturday March 6. I will accept it on Sunday March 7 for a 20% penalty and on Monday March 8 for a 40% penalty. I might accept late papers without penalty in case of extraordinary circumstances.

Expectations of Students

You must be willing to devote at least 8.5 hours each week doing work for this course: attending class, working through the assigned readings, studying the Lecture Notes and your own notes, working on papers, etc.

You must stay on top of the schedule of work for this course and be aware of all deadlines.

Electronic Devices

You may use electronic devices—smartphones, laptops and tablets—while in class to view the electronic version of assigned readings.

I strongly encourage you to take notes by hand rather than with an electronic device. Typing notes with a laptop encourages you to simply transcribe what's being said without thinking about it, while taking notes by hand encourages you to think about what you're writing.

Masks / Food and Drink

You must wear a mask with your nose and mouth completely covered at all times while in the classroom as well as while you are anywhere else in the classroom building.

This means that you may not eat or drink anything while you are in the classroom: **food and drinks are strictly prohibited in class.**

Attendance

In order to distribute Title IV funding (federal student aid), all instructors are required to record student attendance for every class meeting, and so I will take attendance at the beginning of each class. However, **you will not be penalized for absences.** Your final grade in the class will be based on the grades that you earn on the assigned quizzes and papers.

From the Office of the Provost (email to all faculty, December 17, 2020):

"The University of West Georgia expects students to attend all regularly-scheduled classes for instruction and examination. ...

"When a student is compelled for any reason to be absent from class, the student should immediately convey the reason for the absence directly to the instructor. The student is responsible for all material presented in class and for all announcements and assignments.

"Extenuating circumstances for which an absence may be excused include, but are not limited to, participation in university-sponsored activities, hazardous weather conditions, personal hardship, extended illness or hospitalization, family emergencies, or

death in the immediate family.

“Instructors may request documentation to verify the extenuating circumstances for illness or self-isolation related to COVID-19. Treatment Records are protected under the Family Educational Rights and Privacy Act (FERPA) instead of the Health Insurance Portability and Accountability Act (HIPAA).”

Emergencies

If you have an emergency, you can reach me at my UWG email address: rlane@westga.edu, which I check multiple times each day, including on the weekend. Your email must come from your own UWG email account; UWG policy prohibits me from responding to student emails that come from non-UWG addresses.

Accessibility Services: Students with a documented disability may work with UWG Accessibility Services to receive essential services specific to their disability. All entitlements to accommodations are based on documentation and USG Board of Regents standards. If a student needs course adaptations or accommodations because of a disability or chronic illness, or if he/she needs to make special arrangements in case the building must be evacuated, the student should notify his/her instructor in writing and provide a copy of his/her Student Accommodations Report (SAR), which is available only from Accessibility Services. Faculty cannot offer accommodations without timely receipt of the SAR; further, no retroactive accommodations will be given. Honor Code

At the University of West Georgia, we believe that academic and personal integrity are based upon honesty, trust, fairness, respect, and responsibility. Students at West Georgia assume responsibility for upholding the honor code. West Georgia students pledge to refrain from engaging in acts that do not maintain academic and personal integrity. These include, but are not limited to, plagiarism, cheating, fabrication, aid of academic dishonesty, lying, bribery or threats, and stealing.

The University of West Georgia maintains and monitors a confidential Academic Dishonesty Tracking System. This database collects and reports patterns of repeated student violations across all the Colleges, the Ingram Library, and the School of Nursing. Each incidence of academic dishonesty is subject to review and consideration by the instructor, and is subject to a range of academic penalties including, but not limited to, failing the assignment and/or failing the course. Student conduct sanctions range from verbal warning to suspension or expulsion depending on the magnitude of the offense and/or number of offenses. The incident becomes part of the student's conduct record at UWG.

Additionally, the student is responsible for safeguarding his/her computer account. The student's account and network connection are for his/her individual use. A computer account is to be used only by the person to whom it has been issued. The student is responsible for all actions originating through his/her account or network connection. Students must not impersonate others or misrepresent or conceal their identities in electronic messages and actions. For more information on the University of West Georgia Honor Code, please see the [Student Handbook \(https://www.westga.edu/administration/vpsa/handbook-code-of-conduct.php\)](https://www.westga.edu/administration/vpsa/handbook-code-of-conduct.php).

UWG Email Policy

University of West Georgia students are provided a MyUWG e-mail account. The University considers this account to be an official means of communication between the University and the student. The purpose of the official use of the student e-mail account is to provide an effective means of communicating important university related information to UWG students in a timely manner. It is the student's responsibility to check his or her email.

Credit Hour Policy

The University of West Georgia grants one semester hour of credit for work equivalent to a minimum of one hour (50 minutes) of in-class or other direct faculty instruction AND two hours of student work outside of class per week for approximately fifteen weeks. For each course, the course syllabus will document the amount of in-class (or other direct faculty instruction) and out-of-class work required to earn the credit hour(s) assigned to the course. Out-of-class work will include all forms of credit-bearing activity, including but not limited to assignments, readings, observations, and musical practice. Where available, the university grants academic credit for students who verify via competency-based testing, that they have accomplished the learning outcomes associated with a course that would normally meet the requirements outlined above (e.g. AP credit, CLEP, and departmental exams).

COVID-19

Proctored Exams/Online Instruction: Students should be aware and plan ahead for the possibility of having to complete all courses and/or exams online or in a proctored environment. This means talking with your instructors about what minimum technical requirements (software and hardware) will be required should your class move online or a student's personal needs dictate. This also includes making plans for internet access at whatever location participation may occur.

Virtual or in-person proctored exams, if your instructor should require them, may result in an additional cost to the student. Please discuss these details with your instructor or see the information provided here.

Face Coverings: Effective July 15, 2020, University System of Georgia institutions, including the University of West Georgia, will require all faculty, staff, students, and visitors to wear an appropriate face covering while inside campus facilities/buildings where six feet social distancing may not always be possible. Face covering use will be in addition to and is not a substitute for social distancing.

Face coverings are not required in campus outdoor settings where social distancing requirements are met. Anyone not using a face covering when required will be asked to wear one or must leave the area.

Reasonable accommodations may be made for those who are unable to wear a face covering for documented health reasons.
