Meeting Times

Attendance, Participation, and Time Commitment

Although this is a 100% online class and you do not have to be online or meet at any specific time, "attendance" and participation are required. You will be expected to participate in ongoing discussions of the lesson topics and to interact with other students and your instructor regularly. It is expected that you will demonstrate a positive attitude and courtesy toward other participants in the discussion and observe good discussion netiquette. Be sure to read and observe the following procedures:

- You are a guest in the instructor's classroom, so be sure to observe the class rules.
- Practice manners and civility, and be polite and respectful of your instructor and classmates in all your communication.
- Respect your instructor, and be on time in your work submissions.
- Keep your instructor informed of your status.
- Address your instructor as Professor or Doctor.
Use correct grammar and punctuation in all your communication ('Dear Professor xxx' not 'Hey').
Accept your instructor's feedback and learn from it.

In the online environment, problems associated with power outages, networks being down, and ISP troubles inevitably result in legitimate reasons for delays, however, you should still be prepared to deliver your work by the stated deadlines. If you have a problem, let your instructor know as soon as possible. The student who repeatedly turns in late work will be subject to penalties.

Time Commitment

Taking an online course is not easier or faster. On the contrary, it will take as much time as taking a face-to-face class or more. If you normally go to class 3 hours per week per course, you will need to devote that same amount of time to your online course. In addition to online time, you should spend time studying and working with course materials several hours per week offline. It will be helpful to set aside regular study time when you can work uninterrupted. Offline time could be spent in composing messages to post online, reading, studying, and working homework problems.

The amount of time it will take you to complete the work for the course will depend on many factors, which will vary with each individual. Students can expect to spend anywhere from 8 - 15 hours per week on this course. Consult the course Calendar and your instructor to be sure you are on schedule, keeping up with the material and taking quizzes on time.

As a general rule, in this course you will be expected to:

- Log in regularly to check messages from your instructor and other students.
- Check the Calendar for announcements from your instructor.
- Study, read online materials, and work all assigned problems for each lesson.
- Complete all course work and assignments in the time allowed.

Conduct

You are expected to refrain from profanity, crudeness, and slurs of any kind. In other words, you are expected to behave and treat your fellow students and instructor fairly, just as you would in the traditional classroom.

Just as you would listen to others speak in the classroom, you are expected to read and respond politely and thoughtfully to others in the online course. You are expected to refrain from crude or unbecoming comments and be supportive to the class. Proper conduct applies to all forms of communication in the course.

Attendance Verification Requirement

Deadline Fri Aug 20
Online - complete Mandatory Attendance Quiz AND the Introductions discussion activity

IMPORTANT - In order to confirm your attendance and participation in this course, you must complete the Mandatory Attendance Quiz AND the Introductions discussion activity by August 20th. BOTH of these activities are required and can be found within the START HERE module.

Please note: failure to complete these activities may result in you being removed from the course.

Materials

Free Open-Source Textbook

The open texts for this course allow students to read, download, and/or print the book at no cost. The assigned chapters are embedded in each of the six units that make up the course.

After completing this course, you will be able to:

- Demonstrate a knowledge of the historical background, foundations, origins, content, and application of the U. S. Constitution and the Bill of Rights.
- Demonstrate a knowledge of the Georgia Constitution.
- Identify the Institutions and processes of the three branches of government.
- Develop an awareness of current political issues and the policy-making process, both domestic and global.

Evaluation

Criteria

Extra Credit:

In addition to the information below, the instructor reserves the right to offer extra credit points throughout the semester. The points will be added to the student's Final Exam score. For example, for most weekly discussions, students can earn an extra point if they make their initial Post at least one day prior to the due date.

As of the writing of this syllabus, the Extra Credit discussion points add up to a total of 7 extra points that can be earned towards a student's final exam score.

Log in often, as many other extra credit opportunities may not be posted throughout the semester and without much warning.

**Breakdown**

**Grade Scale**

Grades are based on student performance and capability. Simply turning in all the assignments does not guarantee that the student will receive a "good grade." To receive a higher grade, a student must demonstrate proficiency in the material. For different students, gaining that proficiency requires different levels of work, because not all students walk into the class with the same aptitude for the course content. The standards for the respective grades are as follows:

**Grade Turnaround:** All assignments and assessments will be graded within one week's time. Instructor will provide comments along with grade as necessary for feedback.

<table>
<thead>
<tr>
<th>Grade</th>

</tr>
</thead>
<tbody>

As a &quot;B&quot; student you will also go beyond minimum requirements in terms of preparation and presentation of assigned work. You will demonstrate above average communication skills and ability to contextualize material.</td>
</tr>
<tr>
<td>C</td>
<td>70 to 79</td>

You may not be demonstrating adequate communication skills or ability to contextualize materials.</td>
</tr>
<tr>

Honor Code

At the University of West Georgia, we believe that academic and personal integrity are based upon honesty, trust, fairness, respect, and responsibility. Students at West Georgia assume responsibility for upholding the honor code. West Georgia students pledge to refrain from engaging in acts that do not maintain academic and personal integrity. These include, but are not limited to, plagiarism, cheating, fabrication, aid of academic dishonesty, lying, bribery or threats, and stealing.

The University of West Georgia maintains and monitors a confidential Academic Dishonesty Tracking System. This database collects and reports patterns of repeated student violations across all the Colleges, the Ingram Library, and the School of Nursing. Each incidence of academic dishonesty is subject to review and consideration by the instructor, and is subject to a range of academic penalties including, but not limited to, failing the assignment and/or failing the course. Student conduct sanctions range from verbal warning to suspension or expulsion depending on the magnitude of the offense and/or number of offenses. The incident becomes part of the student’s conduct record at UWG.

Additionally, the student is responsible for safeguarding his/her computer account. The student’s account and network connection are for his/her individual use. A computer account is to be used only by the person to whom it has been issued. The student is responsible for all actions originating through his/her account or network connection. Students must not impersonate others or misrepresent or conceal their identities in electronic messages and actions. For more information on the University of West Georgia Honor Code, please see the Student Handbook (https://www.westga.edu/administration/vpsa/handbook-code-of-conduct.php).

UWG Email Policy

University of West Georgia students are provided a MyUWG e-mail account. The University considers this account to be an official means of communication between the University and the student. The purpose of the official use of the student e-mail account is to provide an effective means of communicating important university related information to UWG students in a timely manner. It is the student’s responsibility to check his or her email.

Credit Hour Policy

The University of West Georgia grants one semester hour of credit for work equivalent to a minimum of one hour (50 minutes) of in-class or other direct faculty instruction AND two hours of student work outside of class per week for approximately fifteen weeks. For each course, the course syllabus will document the amount of in-class (or other direct faculty instruction) and out-of-class work required to earn the credit hour(s) assigned to the course. Out-of-class work will include all forms of credit-bearing activity, including but not limited to assignments, readings, observations, and musical practice. Where available, the university grants academic credit for students who verify via competency-based testing, that they have accomplished the learning outcomes associated with a course that would normally meet the requirements outlined above (e.g. AP credit, CLEP, and departmental exams).

COVID-19

Proctored Exams/Online Instruction: Students should be aware and plan ahead for the possibility of having to complete all courses and/or exams online or in a proctored environment. This means talking with your instructors about what minimum technical requirements (software and hardware) will be required should your class move online or a student's personal needs dictate. This also includes making plans for internet access at whatever location participation may occur.

Virtual or in-person proctored exams, if your instructor should require them, may result in an additional cost to the student. Please discuss these details with your instructor or see the information provided here.

Face Coverings: Effective July 15, 2020, University System of Georgia institutions, including the University of West Georgia, will require all faculty, staff, students, and visitors to wear an appropriate face covering while inside campus facilities/buildings where six feet social distancing may not always be possible. Face covering use will be in addition to and is not a substitute for social distancing.

Face coverings are not required in campus outdoor settings where social distancing requirements are met. Anyone not using a face covering when required will be asked to wear one or must leave the area.

Reasonable accommodations may be made for those who are unable to wear a face covering for documented health reasons.
