This program map is intended ONLY as a guide for students to plan their course of study. It does NOT replace any information in the Undergraduate Catalog, which is the official guide for completing degree requirements.
Admission to the School of Nursing is highly selective

In order to remain a Meta-Major Health Professions student, you must maintain a 2.8 NGPA after completing 24 credit hours. The minimum GPA to apply is a 3.0. The average GPA of the students that have been accepted the past several years has been roughly a 3.6. Academic Advisors recommend students having at least a 3.3 to be marginally competitive. Advisors encourage students to be aware of their own academic standing, so when they do meet with an advisor they are prepared to hear the honest and realistic prognosis for where they stand. Should a student not be competitive, advisors will explain in detail alternate routes to nursing or other career and helping profession possibilities.
