Vault's Top Internships for 2015!

Did you know that 40% of all entry-level full-time hires in the U.S. are sourced through internship programs? This means that, for those looking to work for the most desired and admired employers in the country, internships are no longer a luxury but a necessity. That is why the **Career Services Office at The University of West Georgia** is providing all students with free access to these trusted ranking!

Vault administered its Internship Experience Survey earlier this year to approximately 5,800 interns at 100 different internship programs. As part of the survey, on a scale of 1 to 10, with 10 being the highest, respondents were asked to rate their internship experiences in five areas: ***quality of life, compensation and benefits, interview process, career development***, and ***full-time employment prospects***. These ratings were averaged to determine an overall score for each program and develop a Top Ranking.
