STEP 2: Plan Ahead
- Click on Plan Ahead
- Select a Term and Continue

Create Course Schedule Plans
- To Create a new plan, click on +Create a New Plan.
- Search courses by subject, course number, or key words and click Search. There is also an Advanced Search available.
• If any of the classes in your search results are listed with the message “NOT OFFERED FOR TERM” you will be unable to add them to your plan as they are not offered in the plan term.

When the results appear, you may view sections offered for the term selected or add the course to your plan, if sections are not yet determined or you are not ready to schedule your classes.

If you click on ‘View Sections’ all sections of the course will appear. Click Add to add this section to your plan. Please note: This does not register you for this class, but only adds it to your plan.

The class will be added to the Schedule Panel grid with a status of “Pending”. Once your plan has been saved it will update to a status of “Planned”.

If you are not ready to select a section, but wish to add a particular course to your plan, select the Add Course button. When you attempt to register from the plan later, you will need to view the available sections and pick one at that time.
The course will then be added to your plan and appear in a new bottom panel.

Continue adding courses by selecting the green ‘Search Again’ button and adding courses to your plan.

SAVE YOUR PLAN: Don’t forget to save your plan by clicking the ‘Save Plan’ button at the bottom of the screen. You will receive a popup to name your Plan. Example: Spring 2021, Afternoon Only Plan, Last Semester!

NOTE: Errors such as time conflicts, pre-requisites, and closed classes are not checked during planning. These will be checked upon registration. Please review this information for each course as you add it to your plan to ensure your eligibility for registration and prevent errors during the registration process.

**View Course Schedule Plans**

Once you have created your plans, you can view them at any time. From the Registration screen, click Plan Ahead and select a term and continue. Your plans will then appear. To edit, simply click on the edit button and begin searching for courses. To view details for each course, you can select the course title to view course description, fees, prerequisites, etc.
You can add Plan Level comments to your plan. Comments are limited to 80 characters. After selecting the Edit button, click on the “note” icon next to the plan name in the lower right-hand panel. Enter your comments and Save. Example: Job hours in the morning.
You will get a message that the note was save and the “note” icon will now have a green checkmark on it instead of the +. Click the icon to see your notes.

You can also add course level notes by selecting the “Note” icon on each course. Example: Taking this class in the spring because it is a pre-requisite to my summer class.

Mark a Plan as Preferred
You can register from any of the plans you have created or your advisor has created. The benefit to having a preferred plan is that it will be the first plan displayed in the list at the time of registration. If you only have one plan, it will be your preferred plan by default.

To update your preferred plan or mark a plan as preferred, you must have at least two plans. On the “Select A Plan” tab, select the “Make Preferred” link above the desired plan.
You will receive the message, “Plan made preferred”. This plan will appear first on your list.
