

RICHARDS COLLEGE OF BUSINESS

FIND YOUR PATH. FULFILL YOUR POTENTIAL.

WESTGA.EDU/BUSINESS

RICHARDS COLLEGE OF BUSINESS

Across Richards College's four academic departments, all faculty and staff members work together to ensure students gain a comprehensive business education. In addition to teaching and administration, the cross-departmental faculty and staff team members do much more to enhance the learning experience: they conduct and disseminate research, oversee student clubs and activities, provide mentorship and career advice, and accompany students on international academic adventures. Take time to explore the departmental pages to find out more about how the Richards College team can help you make your mark.

RCOB offers many experiential opportunities such as undergraduate research, study abroad, internships, and business competitions.
