Management Major-Graduated Fall 06

**Congratulations to All!**

## The Chair's Corner

A DAC meeting was held on **Thursday, April 12, 2007**. Faye discussed most of the issues with you during the RCOB Spring Faculty Meeting. Thus, I will not repeat them here.

One issue that was not discussed was the availability of a number of tools on BanWeb that might be useful during the advising process. Diane Williamson has offered to provide training on these tools. We will look into making this training available next Fall before advising takes place.

I am presently finishing up merit evaluations and end-of-year reports. I hope to get your merit increases and travel budgets to you within the next few weeks.

Tom G.
